“Pathways to Excellence”

Community Meetings

School Choice and Transportation

Superintendent Carol R. Johnson has presented to the Boston School Committee proposals to modify the student assignment and transportation policies, including a new **5-zone school choice model**.

The proposals are designed to:

- offer all families a range of quality school choices;
- provide educational continuity;
- promote family engagement in schools;
- create walkable communities; and
- reduce school bus transportation costs.

Families, staff and residents are invited to participate in a series of **community meetings** to learn more about the proposals and offer perspectives on school choice in Boston. **All meetings begin at 6:00 p.m.**

Thursday, May 7

Umana Middle School Academy
312 Border St., East Boston

Tuesday, May 12

Edison Middle School
60 Glenmont Road, Brighton

Monday, May 18

Lewis Middle School
131 Walnut Ave., Roxbury
