RE: Principal and Headmaster Announcements

---

I am pleased to announce the following Principals and Headmaster appointments for schools involved in the Pathways to Excellence reprogramming work. These leaders were selected after a careful review process led by the Chief Academic Officer and Academic Superintendents, and each brings a unique skills set to his or her school.

**Edison K-8 School:** Mary Driscoll (current Edison Middle School Principal)

**E. Greenwood Elementary School:** Maudlin Wright (current Shaw Elementary School Principal)

**Higginson/Lewis K-8 School:** Joy Oliver (current Higginson Elementary School principal)

**Mildred Avenue School:** Kris Taylor (current Mildred Avenue Middle School principal)

**Noonan Academy for Business & Public Service:** Kwesi Moody (current Noonan Business Academy headmaster)

The 2009-2010 school year holds great promise for these new school models. I look forward to working with their leaders to enable each school to advance its mission of providing an excellent education for all students

cc: Chairperson and Members, Boston School Committee.
