

Summer is almost here...

It's not too late to find fun activities for your child while school is out!

Read about summer opportunities...

The June issue of ***Family Matters***, the new Boston Public Schools quarterly newsletter, features valuable information about how to keep children active and healthy during the summer months. The newsletter will be mailed to the homes of all BPS families in mid-June. In late May, *Family Matters* will be posted on-line in eight languages: www.bostonpublicschools.org/familymatters.

Get help in other languages...

If you are still looking for summer activities for your child, Boston Public Schools staff are available for help in at least eight languages to connect your family to programs and services, including:

- camps
- libraries
- community centers
- museums
- and much more!

For assistance, please contact a Family Resource Center...

- East Zone: 617-635-8015
- North Zone: 617-635-9010
- West Zone: 617-635-8040
