School Preview Days 2023–24

Attend the BPS High School Showcase:
Saturday, December 2nd
9:00 AM – 1:00 PM
Bruce C. Bolling Building
2300 Washington Street,
Roxbury

Submit your choices for high school by February 9th for Priority Registration!
https://www.bostonpublicschools.org/register

Students entering grades 6 and 9: Receive your high school assignment by the end of March
(Students entering grade 7 will receive high school assignments by the end of May)

For more information, contact BPS Welcome Services at 617-635-9010 or welcomeservices@bostonpublicschools.org
CONSIDERATIONS WHEN CHOOSING A HIGH SCHOOL

**Location**
- How long will it take you to get to school in the morning?
- How many busses or trains will you need to take to get to school?

**School Size**
- Smaller schools: More individualized attention, tighter knit community
- Larger schools: More options for activities and classes

**School Hours**
- Do you want to start your day earlier and have more of the afternoon “free”?
- Do you have obligations outside of school (e.g. family, work, extracurricular activities)?

**Special Application**
- Does the school require an application, recommendations, or portfolio?
- Do you need to take an entrance exam?

**Extracurriculars**
- Athletics, music, arts, clubs, and other opportunities outside of school.

**Unique Programs**
- What college and career pathways are available to me?
- Does the school have the ability to meet my personal learning needs?

</table>
What is Advanced Placement (AP)?

- Advanced Placement courses are college level courses that are offered at high schools to provide students an opportunity to earn college credits.

The Student Experience

- Students will participate in a year-long AP course, which has a standardized test associated to it that occurs at the end of the year.
- Depending on a student’s performance on the AP examinations, they will be given a score from one to five (1-5). Colleges and universities may grant placement and course credit to students who obtain a qualifying score.

The Results

- Depending on their AP exam scores, some colleges may exempt students from introductory coursework, while others use them to place students in higher designated courses, and some do both.

BPS Schools with AP Courses SY24-25

28 out of 33 High Schools at BPS offer AP courses

BPS Schools with Pre-AP Courses SY24-25

Boston Latin Academy
Charlestown High School
Community Academy of Science and Heath

English High School
John D. O’Bryant School of Math and Science
Madison Park

# International Baccalaureate

## What is International Baccalaureate (IB)?

- An internationally recognized educational program that offers a rigorous and balanced curriculum.
- Aims to develop students who are intellectually curious, globally aware, and prepared for success in higher education and beyond.
- Designed to foster critical thinking, intercultural understanding, and a holistic approach to learning.

## The Student Experience

- A student can enroll in the Diploma Program, which includes six subject groups: Studies in Language and Literature, Language Acquisition, Individuals and Societies, Sciences, Mathematics, and the Arts.
- Emphasis is placed on developing a well-rounded student with a broad skill set.

## The Results

- The IB Diploma is internationally recognized. It’s offered by around 150 countries globally and recognized by colleges and universities from almost 90 countries.
- The IB curriculum also teaches students to be outward-facing and culturally aware, so they are well prepared as global citizens.

**EARLY COLLEGE**

**What is Early College?**

- With Early College Pathways, students can experience both the high school and college student duality. It’s a chance to look ahead and explore some career choices.

**The Student Experience**

- Students receive wrap around supports, including tutoring, mentoring, and advising, to ensure they are successful.
- Students are a part of a cohort where all students in the pathway are taking college courses together.
- Students spend increased time on college campuses, taking classes alongside full time college students.

**The Results**

- Students graduate with at least 12, and up to 30, transferable college credits at no cost.
- Students can graduate with both a high school diploma and an Associates Degree at no cost, depending on the program.

What is an Innovation Pathway?

- Innovation Pathways give students in-depth learning in a particular industry to prepare for further study and/or employment in that industry.
- Innovation Pathway course sequence includes 2 technical courses and 2 college level courses.

The Student Experience

- Enhanced supports that are integrated into academic program.
- Career development activities that occur along the pathway.
- Students are exposed to many careers within an industry sector.
- Students are required to complete 100 hr internship or capstone.

The Results

- Students graduate with college credits and preparation to study a particular industry in depth.
- Students have an opportunity to earn an industry-recognized credential.

THE RE-ENGAGEMENT CENTER (REC)

Who are we?
As the only Boston Public Schools program that targets dropouts, the REC has a caring and accessible staff. We offer students access to the resources and counseling needed to re-enroll in school and recommit to graduating. One of the first programs of its kind nationwide; the REC has found that dropouts want to come back to school and can succeed when given the right support.

The REC works in partnership with Boston Private Industry Council.

What do we do?

- **OUTREACH** via mail, phone + door knocking
- **TRANSCRIPT** evaluation to determine next steps
- **OPTIONS** for online credit recovery, night school, and day and summer school courses
- **REFERRALS** to the best BPS high school or Alt Ed Program for you
- **GED** program referral
- **FOLLOW-UP** with students after placement
- **CONNECTIONS** to community support systems
- **WORKSHOPS** for life and career

Take the First Step - Contact the REC
Email: rec@bostonpublicschools.org | Phone: 617-635-2273
High School Summaries

The following is meant to provide a broad overview of the offerings at each school. More detailed information can be found on school websites and in BPS School Listings.
WHO WE ARE
Another Course to College (ACC) is a college preparatory high school serving students from diverse backgrounds and neighborhoods. We are a small school with rigorous academic standards and a caring and energetic staff who fully support students. The small school environment has allowed students to receive individual attention and establish strong relationships with their teachers and peers.

**DORCHESTER**

**COMMUNITY ACADEMY OF SCIENCE AND HEALTH**

**WHO WE ARE**
The Community Academy of Science and Health (CASH) is a small, college-prep high school. Our mission is to prepare students from diverse backgrounds to pursue advanced studies and careers in the fields of science and health. The student’s voice is critical in the development, implementation and review of our practices. Community partners offer internships and career opportunities for the integration of our school’s theme.
Dearborn STEM Academy is proud to be the first grade 6-12 Science, Technology, Engineering, and Mathematics school established in the city of Boston. By taking a STEM approach to learning, we aim to maximize student choice and opportunity upon graduation and to ensure that our graduates find their place in the 21st-century landscape of college and career options. Every one of our students will graduate with an understanding of the language, concepts, and ideas that are pervasive across all STEM fields.
The Administration and Faculty of East Boston High School recognize the individuality of each student and the right of that student to receive a quality education which encourages the development of the student’s fullest potential. Through dedication, hard work and effective planning, we are able to offer a flexible academic and extracurricular program that allows all students opportunities to experience success.
WHO WE ARE
As America’s First Public High School, The English High School has a long tradition of excellence in academics, athletics, and career preparation. We seek to support our students’ social and emotional development and growth, challenge them to meet rigorous academic standards, and provide them with opportunities to explore career development opportunities that will lead them to a rich and fulfilling post secondary life in which they are engaged members of society and advocates for a more just world.

**WHO WE ARE**

Excel High School is a mid-size college preparatory high school that fosters high academic achievement and creative expression in a safe and supportive learning environment. We believe diversity is our strength and everything we do is guided by our core values of Respect, Responsibility, Citizenship, and Grit.
WHO WE ARE
Fenway is an Early College High School where students can earn both a high school diploma and up to two years of college credit by taking a mixture of high school and college classes at UMass Boston or Wentworth Institute of Technology. We work to create a socially committed and morally responsible community of learners that values its students as individuals.
WHO WE ARE

The Henderson is Boston’s only fully inclusive K-12 school. Students involved in general education, students with disabilities, and students considered talented and gifted learn together and from each other. Teachers and support staff team to help children learn and succeed. We offer a comprehensive curriculum with enriched arts experiences.

The Horace Mann School for the Deaf and Hard of Hearing is the first public school to have district and state approval as a Dual Language program, qualifying students for the Seal of Biliteracy. Horace Mann School empowers students as Deaf individuals to be lifelong learners and innovative thinkers with diverse linguistic, ethnic, and cultural identities who are fluent in both American Sign Language and English.

**ACADEMIC PROGRAMS**
- High school bilingual curriculum in English and American Sign Language that is student-led, interactive, and activity-driven

**ATHLETICS**
- Basketball

**EXTRACURRICULARS**
- Academic Bowl for Deaf and Hard of Hearing Students
WHO WE ARE
The Edward M. Kennedy Academy for Health Careers is a small, academically rigorous learning community for students who express an interest in the health professions. Kennedy Academy supports students as they develop the academic, social, and personal skills they will need to succeed in higher education and in health care careers. Individual guidance and support help each student set high expectations for personal achievement.
The mission of the Madison Park Technical Vocational High School is to provide our students with rigorous academic and career vocational technical educational programs, as well as the character necessary to further pursue and succeed in post-secondary and career opportunities in order to become productive citizens.
WHO WE ARE

Boston Public Schools’ first dual-language high school! Muñiz Academy is dedicated to full cultural and linguistic fluency in Spanish and English for all our students. We engage in deep partnerships with our families and community as we prepare all of our students for higher education, careers, and civic leadership in a dual language model.

ACADEMIC PROGRAMS

➔ Two-Way Bilingual Curriculum in English and Spanish

➔ Advanced Placement:
  ◆ Spanish Language and Culture

As a fully inclusive environment, the Mary Lyon School strives to support life readiness by fostering the academic, social, and emotional development of every individual which affirms and cultivates their cultural identities and enables them to be critical participants in their learning and growth. We believe that at the MLS, the role of the faculty is two-fold: it is our responsibility to teach not only the explicit curriculum (English Language Arts, Math, etc.) but also a “hidden” curriculum (coping skills required to function as a successful member of the community).
