

Sailing the Roseway

Our experience on the
schooner

July 14th - August 1st,
2017

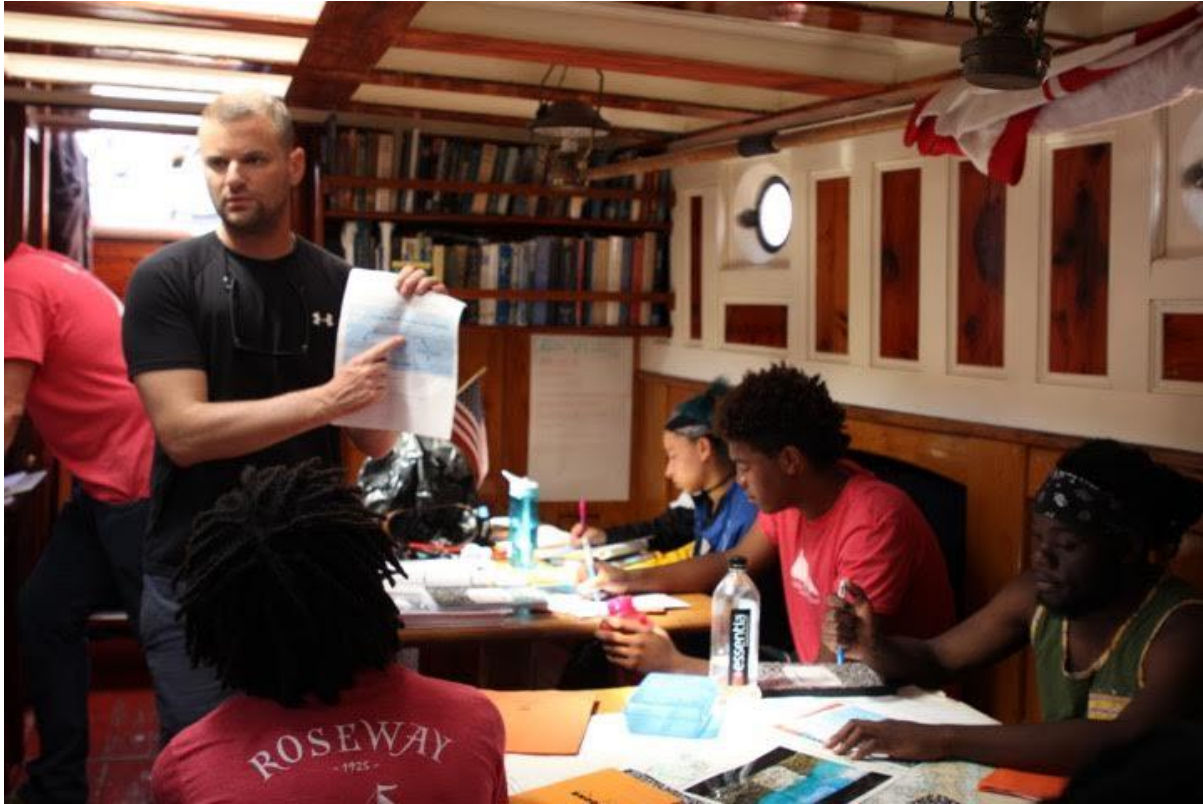

Wake up, have breakfast, then it's right to chores

We have to raise sail and get this ship moving

Make sure to balentine coil those lines

Time for Ecology class with Stone

Challenge by choice - climbing the rigging

Getting to visit Canada!

Back at helm to get us to our next stop

Time to anchor and furl the sail

We became salt family for life
