Title: Update on Central Office Redesign and School Support for SC 9.26.18	Date: September 26, 2018
Presentation Overview/Action Proposed:	The presentation outlines the changes made in Central Office since Interim Superintendent Perille's appointment, outlines district priorities for SY18-19 and describes in detail the school support structure that is intended to provide a higher level of support to the students that are currently attending schools that are lower performing.
Educational and Racial Equity Implications:	By focusing resources on schools that are currently not providing strong academic outcomes for students we intend to impact the level of achievement for all students in those schools, with particular emphasis given to students that are most marginalized.
Policy Implications:	There is no proposed change in policy
Budget Impact:	The reorganization is budget neutral for SY 18-19
