

**Boston Green Academy Board of Trustees
Request to Boston School Committee**

Approved by BGA Board of Trustees- February 1, 2022

To whom it may concern,

The Boston Green Academy Horace Mann Charter School Board of Trustees requests approval by the Boston School Committee to increase the compensation of BTU members at Boston Green Academy, who are covered under the teachers collective bargaining agreement ("Contract"), so that their additional work hours above and beyond the workday of staff in traditional secondary schools are compensated in accordance with Article III, Section E (paragraphs i and ii only) of the contract. This request and compensation adjustment does not impact any employee working conditions other than compensation, and it does not impact or infringe upon the rights of the governing board under G.L. c. 71, Sec. 89.

We greatly appreciate your support of our staff and school.

Sincerely,

A handwritten signature in black ink, appearing to read "Alex Chu", is positioned below the word "Sincerely,".

Alex Chu
Chair, Boston Green Academy Board of Trustees
