MEMORANDUM

TO: Chairperson and Members
Boston School Committee

DATE: September 9, 2015

SUBJECT: School Committee Presentation: Enhancing Transportation Services, Enrollment Services, Facilities Summer Work, and the Off-Cycle Facilities Master Plan

On Tuesday, September 8, we welcomed students back to school at 128 schools across the district. We look forward to building the Culture of We at each and every school. District and City leadership are working closely to improve academic success by focusing on eliminating opportunity gaps.

We are welcoming approximately 59,400 students this fall. We have guaranteed a seat for every student. In order to best serve these students, we have appointed a strong group of educators and school leaders and worked with our transportation provider to improve safety, customer service, and efficiency. We have also developed online resources for families and are continuing conversations around school quality.

Tonight, we will share an overview of the work that Transportation, Enrollment, and Facilities have done to prepare for the school year and beyond. Thank you.
