May 8, 2024

Dear School Committee Members,

The Capital Planning team, in partnership with the Mayor's Office, will provide an update on the Long-Term Facilities Planning work on May 8. The goals of this presentation are to:

- Lay the foundation for the work ahead to expand access to the high-quality student experience
- Provide an update on the capital planning work to date
- Prepare the School Committee to (1) share our goals for expanding high-quality seats across the district and the work underway and milestones to pursue that vision; and (2) receive a small number of proposals in this phase of the implementation of the Long-Term Facilities Plan on May 22.

We look forward to our conversation together.

Thank you,  
Del
