Highlights

- **This working group has direct responsibility for the health and safety of students:** Members are all licensed professionals and work directly with schools to resolve/repair problems (i.e., determine solutions, review plans/specifications, go to bid, hire contractors, review work for completion and satisfaction, process purchase orders, sign-off on invoices).
- **The overall contract is working well:** We have an effective working relationship with this group, which resulted in minimum changes to the overall contract language.
