

BPS School Reopening Plan Draft 1

Boston Public Schools
August 5, 2020

3 Required Plans:

- Fully Remote
- Hybrid
- All in Person

Dates:

- 8.3 - First Draft
- 8.10 - Filing Due

School Reopening Fall 2020, Draft 1

RETURNING BOSTON STRONG

Public Health Requirements:

- Social distancing (all 6 feet apart)
- Masks on all students and staff
- One student per bench per bus
- No food in cafeterias
- Health protocols followed for bus & building sanitation and school nurse response to suspected exposure
- No group gatherings if community infection rates are outside of acceptable range

The Facts

- No final decision has been made.
- Science will drive the decision.
- Once made, the decision may change.
- The decision will not be made until partners and community are heard.
- The draft hybrid model is not perfect.
- No matter how we start school in the fall, we expect to be back in our school buildings in some manner, on some schedule, at some point during the 20-21 school year.

Guardrails for Choosing the Model

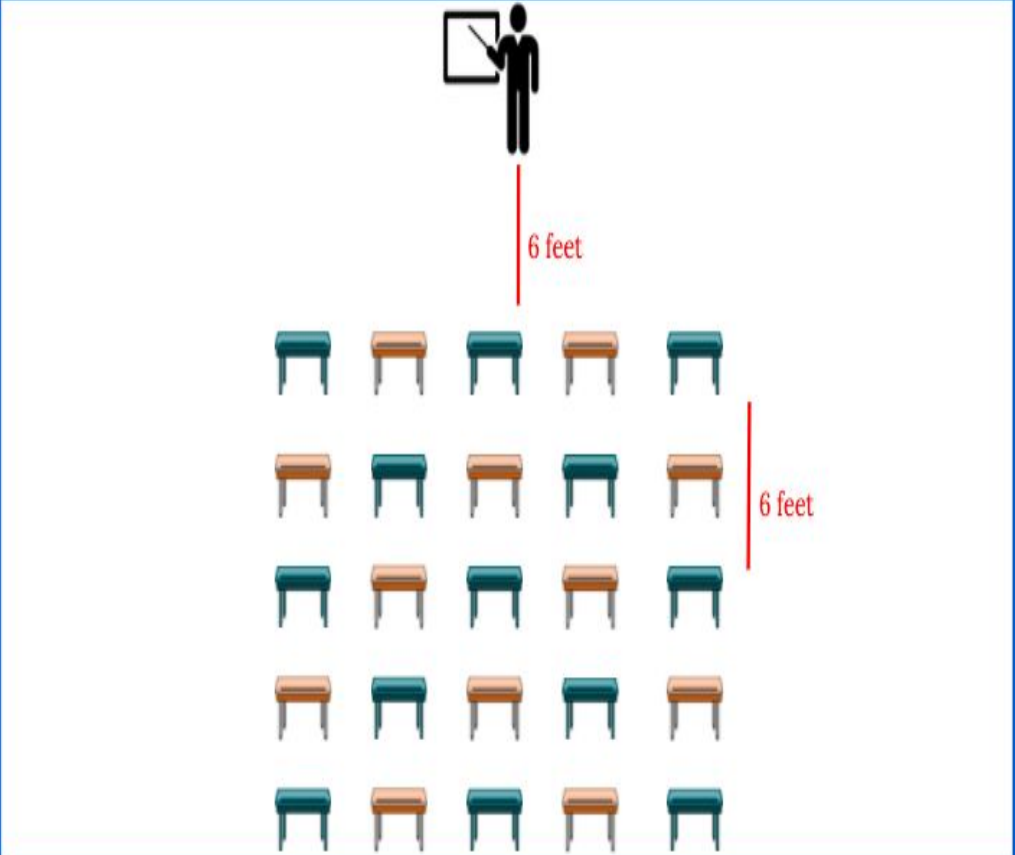

1. **Opt-in:** Parents can choose to have students learn fully remote if desired.
2. **Opt-out:** Parents can choose to opt out of bus transportation.
3. **Science Dictates** if/when we return to school buildings.
4. Start **Remote for All** if public health metrics say not safe to return.
5. If/when public health numbers say it is safe, start with **Hybrid Model**.

Hybrid Model: Draft 1

Schedule

Classroom Layout

	Monday	Tuesday	Wednesday	Thursday	Friday	Weekend
Student Group A						
Student Group B						
Student Group C						
Student Group D
