- Staff, students and community stakeholders were deeply involved in the identifying of name options
- School conducted several internal meetings to develop and collect data and feedback through surveys
- Final vote was completed in May and June of 2023
- Unanimous vote was taken by the Governing Board on June 6, 2023 to adopt a new name that symbolizes the vision for their school
Ruth Batson: “Mother - Educator - Civil Worker”

The chosen name symbolizes the legacy of a dedicated education advocate for students of color and a BPS alumna (Girls’ Latin School). Her name connotes the vision of leadership and advocacy that resonates with the students and staff of the school, providing a meaningful connection to their school community. The school has established an Early College partnership with UMass Boston, with an education career pathway aligned to Ms. Batson’s legacy.
Next Steps

An internal planning committee launched to support the school in celebrating the name change.

Assuming a positive School Committee vote, the group will extend to include external partners, including Ruth Batson’s grandson.

The Batson family has been a key partner in this process and the school community would like to integrate them in both the planning and future opportunities within the school.
