Dugsiyada aan lahayn AC iyo qorshayaasha ka meel yaala

In ka badan saddexdii sanno ee lasoo dhaafay, hormar balaadhan ayaa laga sameeyay hagaajinta heerkul ilaaliyaha ku yaala dugsiyadayada. Lagasoo bilaabo 32% oo ay ahaayeen dugsiyada leh qaboojiye, hadda waxaan gaadhay meel cajiib ah oo ah 92%. Guushani waxay u baahnayd dadaal aad u badan, oo ay ku jirto ku rakibida nidaamyada qaboojiyaasha 80 dugsi oo ku baahsan 125 dhismo. Ilaa hadda, waxaan ku guulaysanay inaan wax ka qabano baahiyaha qaboojiyaasha ee inta badan dugsiyadayada.

Marka laga reebo, 10 dugsi oo wali u baahan in wax laga qabto: Bates Elementary School, Otis Elementary School, Mather Elementary School, Kenny Elementary School, Lee Academy, Taylor Elementary School, Mel H. King Middle School, Mel H. King Prep High School, Community Academy, iyo Mozart Elementary School. Annaga oo aqoonsannay iskudhafka dedaalkan, waxaan xaqiijinnay deeq dawladeed oo lagu taageerayo shaqadan muhiimka ah. Guud ahaan dayrta 2023 qiimayn qotodheer ayaa la sameeyay si loo fahmo baahiyaha gaarka ah ee dhismaha kasta. Dhammaadka dayrta, waxaan helnay dhammaan waxyaabaha asaasiga u ah shaqada anagoo u hogaansamayna sharciyada dhismaha. Intaa dib, anagoo raacayna qoondada miisaaniyada ee ka soo baxday xafiiska deeqda gu'ga, waxaanu bilownay wajigii naqshadaynta saddexda dugsi ee soo socda si loo casriyeeyo: Bates Elementary School, Kenny Elementary School, iyo Lee Academy.

Dhawaan, waxaan si hagar la'aan ah ugu soo gudubnay marxaladda naqshadeynta annagoo ujeeddaduna tahay in aan bilowno nidaamka qandaraaska inta lagu jiro sannad dugsiyeedka 2024-2025. Marka dhismuhu bilaabmo, waxaan siin doonaa waxyaabaha iska badalay jadwalka madaama mashruucu ku lug leeyahay. Fadlan xaga sare ka eeg xallalka muddada gaaban.
