RE: Update on BPS Summer Learning Experiences 2022

Madame Chair and members of the Boston School Committee, I am pleased to submit the following update Experience Summer 2022. The presentation will focus on a few main areas that I believe are helpful for you and our community to know about:

1. The research about why Summer Learning programs matter
2. The expansion of programs we are offering for 2022
3. The outreach being conducted to raise awareness
4. The registration process and support available to families

During our presentation we will be prepared to provide a real time update on the number of students registered for programs, which as of May 18 was 3,385 students for 5th Quarter. This is currently more than 1,000 students ahead of where we were with registration this time last year.
