**Today’s Objective:** To brainstorm ideas and engage in a design session around how we organize ourselves to create anti-racism framework for the district, define opportunity & achievement gaps and codify this in the 2022 OAG policy revision.

### 1. Defining Anti-Racism

In 2020 BPS announced it’s goal of becoming an Anti-Racist school district. What does that mean?

There are a number of existing anti-racism frameworks. What framework components are right for the BPS context and our goals of racial equity and excellence?

### 2. Defining Opportunity & Achievement Gaps

How do we define opportunity & achievement gaps in order to have a clear method of measuring gaps and a clear strategy for eliminating gaps?

What are the right data and what’s the goal post / evidence of success as we strive for equity and excellence?

### 3. 2022 OAG Policy Revision

OAG Policy calls for an update to the policy every 6 years.

With a burgeoning national and local focus on Anti-Racism - we have an opportunity to deepen the policy mandates and sharpen the district’s commitment to closing gaps through anti-racist practice.
