<p><b><u>The Hour of Code is coming!</u></b> We live in a world surrounded by technology. And we know that whatever field our students choose to go into as adults, their ability to succeed will increasingly hinge on understanding how technology works. But only a tiny fraction of us are learning computer science, and less students are studying it than a decade ago.</p> <p>That's why our entire school is joining in on the largest learning event in history: The Hour of Code, during Computer Science Education Week (Dec. 7-13). More than 100 million students worldwide have already tried an Hour of Code.</p> <p>Our Hour of Code is a statement that the Mary Lyon is ready to teach these foundational 21st century skills. See <a href="http://hourofcode.com/us">http://hourofcode.com/us</a> for details, and help spread the word.</p>	<p><b><u>End of Term 1</u></b>            Teachers will be writing report card narratives over the next week. Report cards and narratives will be printed and sent home and families will be invited to come in for parent-teacher conferences.</p> <p><b><u>Multi-Cultural Feast</u></b>            Each year we come together as a school community and celebrate with a multi-cultural feast. This year, the Feast will be on Wednesday, November 25th at 11:00 am. This is a potluck lunch where students, alumni, staff, and families contribute dishes from their cultures. The following is being asked to be donated by each grade:            Grade 9 - Main dishes            Grade 10 - Desserts</p>

**Fall Open House:** Details will be coming home soon for our annual fall open house and feast on Wednesday, November 25. This is an early release day for all students and there will be no after school.

Grade 11 - Plates, cups, napkins, silverware, drinks  
Grade 12 - Main dishes  
Staff - Side dishes
