Boston Public Schools
20/25 Strategic Plan
I LIKE MY SCHOOL
BECAUSE THEY GIVE
ME WHAT I NEED.
- BPS First grader
I am proud to support the School Committee’s bold strategic vision for the Boston Public Schools. This plan is rooted in equity, is responsive to the needs of our students and families, and was developed following robust community engagement led by Superintendent Cassellius. The education of our young people remains one of my top priorities. We have an enormous wealth of talent in the Boston Public Schools, from our school leaders, administrators and educators, to our incredibly intelligent, creative, and resilient students. In this strategic plan, everyone in the Boston community has a role to play in advancing the futures of these bright, young minds.

I have often said that I believe in a Boston where every single student has access to high quality schools, where our children are nurtured by supportive communities and equipped with the skills needed to reach their full potential. Under the guidance of this strategic vision, BPS is well positioned to close the opportunity gaps that persist for too many of our students.

We must meet the needs of our young people now if they are to flourish and exceed our expectations in the future. The $100 million investment I announced in January 2020 supports this strategic vision and provides the direct funding necessary to bring this plan to life. The plan outlines key priority areas where BPS will focus its efforts throughout the next several years to improve student experiences and outcomes, close opportunity gaps and increase instructional quality and rigor.

The investment will help to make this vision a reality and enact the changes that are necessary to better support our students. The direct funding will be carefully targeted to evidence-based strategies so that every dollar makes a difference. We’ll begin with intense support for under-performing schools because we know that our young people who start with less need more and deserve more. By lifting up our schools, we’ll become one strong district and one stronger city.

Our strategic plan has focus areas for all students. Our youngest scholars will continue to learn BPS’s nationally recognized early childhood curriculum, which we continue to expand to our community-based organizations in the City of Boston to ensure all 4-year-olds have access to free, high-quality pre-Kindergarten. Our high schools will be redesigned to better prepare students for college and career, with more targeted, high-quality instruction that is inclusionary, culturally affirming, and rigorous. And our students will be prepared once they leave our schools.

Every day I am reminded of Boston’s rich diversity, the plentiful opportunities that are available, and the city’s increasing desirability among young professionals. But all too often we hear about the young people who have been left behind. This plan works to ensure that our own young people, those that we are educating in this city right now, are fully prepared to compete for these professional opportunities.

This is a promising moment for the Boston Public Schools. I am confident that under the leadership of Dr. Cassellius, and with the full support of the Boston School Committee and the greater BPS community, this plan will serve as a clear road-map for our important work ahead. Guided by this strategic vision, we will be well on our way to eliminating opportunity gaps and providing an equitable, high-quality education to every student in every classroom.

Sincerely,

Martin J. Walsh, Mayor
Dear BOSTON PUBLIC SCHOOLS Community,

The Boston School Committee is proud to adopt the 2020-2025 Strategic Vision for the Boston Public Schools. We thank Superintendent Brenda Cassellius and her staff for their comprehensive effort over the last year to engage our community and to update the district’s current strategic direction. This new Strategic Vision serves as a road-map to accelerate the district’s efforts to offer excellent, equitable, high-quality education for every student in every neighborhood in Boston. The Superintendent said it best when she stated, simply, “Every child, in every classroom, gets what they need.”

The five-year Strategic Vision is deeply rooted in the Boston School Committee’s 2015 Strategic Vision, building upon those aspirational goals with a fresh perspective and a new sense of urgency. The six commitments outlined in the plan include (1) Eliminate Opportunity and Achievement Gaps, (2) Accelerate Learning, (3) Amplify All Voices, (4) Expand Opportunity, (5) Cultivate Trust, and (6) Activate Partnerships. Each commitment is tied to a set of priorities, and progress will be measured by clear and measurable goals.

The strength of the Strategic Vision lies in its development, informed by the Superintendent’s robust community engagement tour held in the fall of 2019. The Superintendent visited all 125 BPS schools and met with thousands of students, parents, educators, partners, and residents to listen and learn about the strengths and challenges facing BPS. The Strategic Vision lifts up these voices in harmony as a call to action. Just as authentic input from BPS stakeholders was critical to the plan’s development, our collective support and continuous feedback will also be critical to the plan’s successful implementation.

Mayor Martin J. Walsh’s confidence in the School Committee, Superintendent Cassellius, and the strength and coherence of the Strategic Vision paved the way for the historic investment of $100 million in new funding for the Boston Public Schools over the next three years - dollars that will go directly to students and services supporting students. These additional resources will provide schools with much needed funding predictability and support the strategies identified for student success.

The School Committee will continue to monitor and track the district’s progress implementing the Strategic Vision. With the City’s strong financial investment and the collective support of the school leaders, teachers, staff, community partners, students, and caregivers who shaped this plan, BPS is well positioned to realize our shared goals of increasing rigor for all and expanding equity to close opportunity and achievement gaps. Let’s keep working together to provide all students with the support they need to reach their full potential.

Sincerely,

Michael Loconto
Chairperson, Boston School Committee
Dear BPS Community:

It is an honor to serve as the Superintendent of the Boston Public Schools (BPS). Since coming to Boston last summer, I’ve been inspired by the deep commitment to our children that runs throughout every corner of our city. This community’s dedication and belief in our students and their potential is second to none, and a constant source of inspiration and strength every day.

Throughout late Summer and Fall 2019, we started a robust community conversation aimed at shaping our shared vision about the future of BPS. That period of community engagement included my visits to all 125 schools, input from more than 2,000 community members, 98 different stakeholder meetings, including town halls and smaller meetings with faith-based leaders, nonprofits and partner organizations. We heard from school leaders and school-based staff, and also spent a good amount of time absorbing information from Central Office staff, learning about our district’s strengths, opportunities and challenges.

From the many hours of dialogue and conversation, and from my own observations and assessment of our district, emerged a consensus around the urgent need to address long standing, systemic barriers and inequities that prevent too many of our students from reaching their full potential. The pursuit of educational equity recognizes these persistent conditions, and this strategic plan is our commitment to taking swift action to advance our shared goals and break through the barriers that have held us back for too long.

That urgency, buttressed by what we know works best to help children and youth achieve, forms the foundation of this strategic plan. It is rooted in our shared hopes and dreams for our children, and cultivated in collaboration with our students, families, and educators. It provides a road-map to fundamentally transform the way we support our students, create high expectations for excellent and equitable outcomes, build trusting relationships with our families and partners, and allocate resources to achieve our goals for every student.

As you review the plan you will see six key commitments, each tied to a set of priorities and measurable goals. You will note that our theory of change to move our district forward starts by lifting up and supporting all schools, starting with those that are most in need. You will also see our plans to increase rigor across all grade levels, create a coherent and consistent framework of shared curricular expectations, and monitor our progress towards our goals.

The strategic plan is the product of long days of hard work and deep collaboration. I cannot thank our BPS team enough for their amazing work and support, and for providing their institutional knowledge and community connections that allowed us to forge ahead with this project. I am also grateful to Chairperson Loconto and the Boston School Committee members for their stewardship of the district and their continued partnership in this critical work. And I am incredibly thankful to Mayor Walsh for his steady leadership and unwavering commitment to the children and families of the City of Boston.

Boston is the birthplace of education, full of talented young people brimming with potential. We are all - every one of us - united in our love for them, bound by our shared expectations that every child deserves an excellent, high quality education that prepares them for success in school and life. This plan aims to deconstruct persistent cultural and structural inequities to ensure every child has an equal opportunity to succeed.

Our goals in this plan are clear: an entire district of schools that are the anchors of our communities, places where our students can dream big dreams, where our families feel welcomed and respected, and where every BPS staff member holds the same dedication to our students’ highest potential that they hold for themselves. This vision is the bright future ahead for BPS.

I look forward to working with all of you to make the goals in this plan a reality for our community.

Sincerely,

Dr. Brenda Cassellius
Superintendent
Imagine a school district where every child has the opportunity to achieve their dreams. A district where every school, in every neighborhood, in every part of the city is equipped to help every student unlock their unlimited potential.

Imagine Boston’s future leaders sitting in a Boston classroom today. And imagine that we all have absolute confidence that they will graduate from our schools ready: ready to pursue their dreams, ready to succeed, ready to lead, and ready for a future that will call on them to meet challenges we can’t even imagine today.

Imagine that this is the Boston Public Schools.

As the birthplace of America’s public education system, Boston Public Schools (BPS) has a long, rich tradition and commitment to education as the birthplace of America’s public education system. BPS is a leader in urban education. Nationally recognized programs and initiatives such as universal preschool, early childhood education, an equitable school-based funding formula, and policies specifically focused on creating more significant racial equity are but a few of BPS’ signature accomplishments.

Even with this rich history, there is a growing sense of impatience to address longstanding, systemic barriers that hamper our students’ ability to reach their full potential. The Mayor, School Committee, Superintendent, staff, and community are collectively committed to urgent, courageous action that will advance our best hopes and aspirations for our students.

Our definition of educational equity is clear. At BPS, every child in every classroom is entitled to an equitable, world-class, high-quality education. Each child should have the same unfettered access to every conceivable resource to unlock the greatness within them. For this to happen, we must eliminate the structural and institutional obstacles, especially those exacerbated by race, language, special learning needs, socioeconomic status, and other factors. This requires a commitment to systemic change in the way we allocate funding, provide access to information, deliver instruction, and make resources available to meet students’ needs.

Providing all students access to opportunities to learn and develop their full potential must be guaranteed. This plan aims to accelerate our efforts to offer excellent, equitable, highly relevant education for all.
BRIGHT Spots

Essentials for Instructional Equity

BPS Essentials for Instructional Equity is a nation-leading research-based pedagogical framework that articulates our district’s approach to ensuring that every student has a safe, healthy, culturally and linguistically affirming, cognitively demanding, and standards-aligned learning experience. Many BPS schools have developed their own aligned tools and practices to implement the framework. The next step is to make these tools and practice district-wide.

Closing Opportunity and Achievement Gaps

With the 2016 revision of the School Committee Opportunity and Achievement Gap (OAG) Policy, Boston Public Schools reaffirmed its commitment to ensuring that this work — of every department and school — continues under the leadership of the superintendent. The Office of Opportunity Gaps provided support to all BPS central office departments in developing SMART goals aligned to the OAG Policy. Additionally, the Opportunity Gaps office has developed the district’s cultural proficiency framework, aligned to the Essentials for Instructional Equity, referred to hereafter as Culturally and Linguistically Sustaining Practices (CLSP). School and district leaders continue to build upon CLSP as our foundational strategy to transform the student experience in classrooms across the district to meet the academic and social emotional needs of our most vulnerable students.

Social-Emotional Learning, Health, and Wellness

For almost two decades the Boston Public Schools has implemented its Wellness Policy (first passed by School Committee in 2003) with the “understanding that physical and mental health, emotional well-being, and positive development are inextricably linked with academic success.” This work is steered and supported by the District Wellness Council and implemented by the Office of Health and Wellness. Each school has a Wellness Council that ensures key staff and stakeholders are collaborating to eliminate the health and wellness prohibitions to student success. In 2016 the district was awarded the Partnership for Social Emotional Learning Initiative (PSELI) grant in partnership with Boston After School and Beyond (BASB) with the goal of increasing the capacity of BPS and out-of-school time providers to provide aligned SEL instruction and support to students at a subset of schools. The PSELI initiative resources and the instructional coaching in social emotional learning practices provided to schools has proven to be a promising practice to be replicated and expanded district-wide.

CHALLENGES

Significant Achievement Gaps Persist as demonstrated by 2019 ELA + Math Grades 3-8 MCAS Performance by student group...

Each year, gaps persist for Black, Latinx, English Learners, economically disadvantaged students, and students with special learning needs. We especially see this disparity of outcomes as it relates to students who are both English learners and who also have special learning needs. This is our most important work as a public school district to ensure that we reach our twin goals of equity and excellence. As we develop a greater focus on equity and ensuring that our culturally and linguistically affirming practices permeate throughout every classroom district-wide, our central goal remains to provide every student with the opportunities they need to meet their full potential.

2/3 of BPS Schools Were Constructed Before World War II while deferred maintenance, and high construction costs have led to a long list of capital projects... BPS Has Lost Students to Charters while all Public School types combined have actually seen enrollment increases...

The Jackson/Mann building is the second district school building to be scheduled for closure because of safety concerns. The West Roxbury Education Complex was the first. Additionally, “BPS currently have 16 different grade configurations including K-2, K-6, K-8, K-12, 3-9, and 10 others” (Build BPS Phase 2 Report). One of the major goals of BuildBPS is to minimize the number of times students have to transition to different schools. BPS is adopting a preferred grade configuration model of K-4 and 7-12 in many district schools. 18 K-5 schools are expanding to add grade 6 for SY 2020-2021.

Their combined market share of all school-aged kids living in the city has even increased a bit over this time frame because Boston lost school-aged population between 2000 and 2018. Families leaving Boston when their kids turn school-aged tend to be middle and high income. As a result, BPS is now educating a larger proportion of students from low-income families who tend to have greater educational needs.
Students, families, staff, and community members were our inspiration and collaborators. In the early fall, the Superintendent and district staff conducted an extensive process of community engagement to solicit input and ideas from a broad range of stakeholders. The Superintendent visited every BPS school and campus to gather information about our school buildings and learn from students, teachers, and school staff about the needs of their school community. In September and October of 2019 the Boston School Committee held strategic planning retreats to shape the vision for the next strategic plan. In November of 2019 school leaders were provided with an update of the major themes from the superintendent’s tour. From January to February of 2020, the BPS community and broader Boston community was invited to participate in a 30-day public comment period to provide feedback and recommendations on the draft strategic plan and the six (6) commitments and corresponding priorities. During the public period, the district held four (4) community feedback sessions as well to present the latest draft of the plan and to receive in person feedback. Over 300 community stakeholders provided feedback on the plan during the public comment period. The plan also draws on a broad range of resources including recommendations from the English Language Learner Task-force, the Opportunity and Achievement Gaps Policy and Task-force, 2018-19 High School Working Groups, 2018 EY-Parthenon Report, and the Boston School Committee’s 2014 strategic plan. A full list of MODERNIZED SCHOOL BUILDINGS with gymnasiums, libraries, cafeterias, fine arts centers and well-maintained systems. FAIR + EQUITABLE FUNDING across all Boston Public Schools. 125 Schools Visited 102 Meetings 2K Participants

‘JUICE’: JOY, UNITY, INCLUSION, COLLABORATION, AND EQUITY
MISSION
EVERY CHILD IN EVERY CLASSROOM IN EVERY SCHOOL GETS WHAT THEY NEED.
VISION
A NATION-LEADING, STUDENT-CENTERED PUBLIC SCHOOL DISTRICT PROVIDING AN EQUITABLE, AND EXCELLENT, WELL-ROUNDED EDUCATION, THAT PREPARES EVERY STUDENT FOR SUCCESS IN COLLEGE, CAREER, AND LIFE.

“IMAGINE BPS” 17

We heard...

CLEAR AND PREDICTABLE PATHWAYS from preschool to graduation.

RELIABLE, ACCESSIBLE AND ON-TIME TRANSPORTATION and effective operations.

Caring and competent STAFF REFLECTIVE OF OUR STUDENTS.

Rigorous CULTURALLY AND LINGUISTICALLY AFFIRMING student-centered curricula.

Improved programming and INCREASED BI/MULTILINGUAL EDUCATIONAL OPPORTUNITIES for English learners.

Enhanced programming and INCREASED INCLUSIVE OPPORTUNITIES for students with special learning needs.

Social-emotional skill development, trauma-informed instruction, and MENTAL HEALTH SUPPORTS.

FULL RANGE OF PROGRAMMING including arts, physical education, athletics, and tutoring during and outside of school.

Access to 21ST CENTURY TECHNOLOGY for all students.
WHAT IS IN THIS DOCUMENT?

“This STRATEGIC PLAN is the expression of BPS’ commitment to Boston children, families, educators, partners, and the greater community.”

In this document, we outline six (6) Commitments that will frame our work in schools and district-wide for the life of the plan (2020-2025). Each commitment serves as a broad area that is representative of the work that needs to be done to realize our mission - ensuring that every student gets what they need. While the six (6) comments reflect the key components of the vision and direction of our schools, we recognize that they are broad categories and there is much to be done within each. Additionally, we recognize the great challenge before us as a school district and community, and addressing them will require strategic action within the context of limited resources. To that end, each commitment has a set of priority areas, identified by our community to be the most important and strategic levers to achieve the vision and mission. To ensure that we have clear and attainable goals guiding our actions, each commitment has an anchor goal that describes the high-level measurable intended outcome of our actions. Aligned to each anchor goal are the key performance indicators we have identified as measures of on-going progress. This strategic planning framework (Commitments, Priorities, Anchor Goals, and Aligned Progress Measures) serves as the public accountability structure to ensure that we deliver on the promise of equity and excellence for Boston students and families.
Our Six
COMMITS
MENTS
To The Boston Community

01 | ELIMINATE OPPORTUNITY AND ACHIEVEMENT GAPS
Equitable and Excellent Student Outcomes

02 | ACCELERATE LEARNING
High-quality schools and joyful classrooms district-wide

03 | AMPLIFY ALL VOICES
Shared decision-making, partnerships and mutual accountability

04 | EXPAND OPPORTUNITY
Fair and equitable funding and welcoming environments

05 | CULTIVATE TRUST
Fair and equitable funding and welcoming environments

06 | ACTIVATE PARTNERSHIPS
Expand learning beyond the classroom and connecting community to the classroom.

To The Boston Community
01 ELIMINATE OPPORTUNITY AND ACHIEVEMENT GAPS

Equitable and Excellent Student Outcomes.
Overview

Every student - regardless of race, ethnicity, gender, disability, sexual orientation, religion, citizenship status, socioeconomic status, or zip code - deserves an excellent, culturally and linguistically relevant education and opportunities that help them achieve their full potential. BPS serves highly talented learners and/or students with disabilities, and/or experience economic disadvantage. Black and Latinx students comprise 76% of BPS enrollment. Historically, Black and Latinx boys, English Learners, and students with disabilities have been excluded from access to more rigorous coursework and inclusive general education settings at disproportionate rates. We will take bold, deliberate, and explicit action to eliminate opportunity and achievement gaps for our most vulnerable students.

Priorities

1. Ensure that BPS policies, plans, and budgets advance the Opportunity and Achievement Gaps (OAG) Policy so that our schools are equitably funded to provide robust academic programming and social-emotional supports, giving every child what they need.

2. Hire and retain a workforce that reflects the racial, ethnic, and linguistic diversity of the students and families we serve.

3. Empower and partner with educators to review curriculum for cultural and linguistic bias and relevance, to ensure that new purchases are culturally and linguistically relevant.

4. Implement specific supports for English learners by implementing the LOOK Act to expand programs that promote bil/multilingualism including bilingual education, dual language, and cultural heritage programs.

5. Support schools by implementing culturally and linguistically sustaining practices and Ethnic Studies through professional development focused first on classroom educators, and subsequently other staff.

6. Develop and monitor progress toward achieving explicit goals for schools and central office around implementing strategies to eliminate opportunity and achievement gaps (especially for English learners and students with disabilities) and central office will be responsible and accountable for monitoring progress and providing support - employing school and district Equity Roundtables as a structure for shared accountability and problem-solving.

Priorities

ANCHOR GOAL #1
BPS graduates will be ready for success in college, career, and life.

1.1 Eliminate Dis-proportionality in the implementation of the Code of Conduct by ensuring welcoming and affirming classrooms while applying restorative practices.

1.2 Develop capacity to address health and social contributors to opportunity gaps, such as - hunger, chronic illness, mental health, sexual health, homelessness, and LGBTQ+ identity.

1.3 Focused intervention in the thirty-four (34) lowest performing Boston Public Schools.

1.4 Develop and monitor progress toward achieving explicit goals for students with disabilities and implementing strategies to increase inclusionary practices and address dis-proportionality in sub-separate settings.

1.5 Provide 1:1 Opportunity to every BPS student grade 3-12.

02 ACCELERATE LEARNING

High-quality schools and joyful classrooms district-wide.
All of our schools should be joyful learning environments that leverage the rich assets that exist in every community. BPS has a working definition of “quality,” as expressed through the School Quality Framework (SQF). However, from our work with communities and through our listening sessions, we know that our aspirations for quality are not experienced or available to our city’s many cultures, neighborhoods, and communities. We believe high-quality schools should include core elements that meet the needs of the whole child, including health education and physical education, arts programming, and social-emotional skill development. We will transform the way we fund, support, and offer programming to our schools in a way that establishes consistent standards of quality, leverages unique community assets, and meets the needs of every student.

ANCHOR GOAL#2
BPS schools will demonstrate strong growth in ELA and Math.

2.1 Redesign secondary schools, including alternative schools, in alignment with MassCore, career preparedness, and other advanced coursework opportunities to prepare students for college, career, and life.

2.2 Support and coach educators to deliver high-quality inclusionary learning opportunities to ensure students with disabilities are well-served in the general education setting.

2.3 Provide rigorous culturally and linguistically affirming curriculum and instruction that includes learning opportunities in the arts, science, literacy, world languages, physical education, health education, and civics, access to athletic programs and technology, and fully integrates student wellness into the educational experience.

2.4 Fully implement universal pre-kindergarten through a mixed delivery model that leverages district and community options and ensures a high-quality educational experience for all early learners.

2.5 Implement rigorous and consistent elementary learning expectations and curriculum that prepare all students for high school, including strong science and math programming.

2.6 Reduce chronic absenteeism by ensuring that students are welcomed into joyful and engaging classrooms and where their unique needs can be met.

2.7 Make every school a safe space for every BPS student, offering the support and protection needed to learn, grow, and thrive.

2.8 Implement a comprehensive district-wide professional development plan for paras, teachers, counselors, and school and central leaders to develop capacity and expertise to change student outcomes as outlined in this plan.

2.9 Provide remote learning opportunities year-round to accelerate learning, including during school breaks to prevent learning loss, and provide students opportunities to accelerate their own learning.

DATA DEFINITION
The proportion of BPS schools with a mean student growth percentile of 50.0+ in English Language Arts and mathematics. The mean student growth percentile for a school is a representation of “typical” growth on MCAS for students in that school. An SGP of 50 or better indicates that MCAS growth of students in that school are on par or better than the growth of their academic peers across the state.*

aligned progress measures
All measures disaggregated by EL, SWD, race, economic disadvantage, and other groups.

- ELA GROWTH: Mean ELA student growth percentile (SGP)
- MATH GROWTH: Mean Math student growth percentile (SGP)
- ALGEBRA PARTICIPATION: The percentage of students enrolled in 8th-grade Algebra I
- SCHOOL QUALITY: Number of SQF Tier 1 and 2 schools district-wide
- ADVANCED COURSEWORK: The percentage of 11th and 12th graders who pass at least one advanced course
- INCLUSION: The percentage of students with disabilities in grades K-12 in full or partial inclusion
- CHRONIC ABSENTEEISM: The percentage of students chronically absent (missing at least 10% of days enrolled regardless of whether the absences are considered excused, unexcused, or for disciplinary reasons)
03 AMPLIFY
ALL VOICES

Shared decision-making, mutual accountability, and partnerships.
Students, families, and communities are integral partners in all decisions made in the service of students’ social-emotional and academic development. Parents and caretakers are their child’s first teachers and bring critical knowledge needed by schools to create relevant and culturally and linguistically affirming learning experiences. Our community, nonprofit, faith-based, higher education, philanthropic, corporate, and city partners serving our youth and families are essential to their social, emotional, and cognitive development. Every school and central office will pro-actively engage and incorporate the voices of students, families, and their communities, and strategically collaborate with and leverage partners to ensure strong student and school outcomes. 

ANCHOR GOAL #3

BPS schools will implement the core elements of family engagement.

DATA DEFINITION

The percentage of schools implementing 80% or more of eligible Core Elements of Family Engagement. High schools may have up to eight family engagement elements; schools serving grades K-8 may have up to six elements. Measuring the proportion of schools with 80%+ elements in place would effectively allow for schools to miss one element but still be considered implementing. The elements captured by the BPS Office of Family and Student Advancement include: School Site Council (SSC) Roster, School Parent Council (SPC) Roster, SSC Meeting Notes, SSC Bylaws, Family Engagement Plan, Parent School Compact, SSC Student Rep (HS only), and Boston Student Advisory Council (BSAC) Representative (HS Only).

Average scores on select scales (group of related items) from the teacher climate survey related to perceptions of school quality and culture

The percentage of families that receive at least one of their top three choices in the Home-based School Choice student assignment process for K1 or K2

PRIORITIES

3.1 Engage youth voice in decision-making and leadership in a timely and transparent manner by leveraging BSAC, the Superintendent’s Youth Cabinet, focus groups and other forums organized to give voice to BPS learners.

3.2 Engage parent voice in district level decision-making and leadership in a timely and transparent manner by supporting and leveraging the Citywide Parent Council, District English Learner Advisory Council and Special Education Parent Advisory Council.

3.3 Welcome and value all families and students in our schools, including them as partners in school improvement and student learning.

3.4 Increase feedback systems for families and central office and other staff through tech-based communication portals, and regular access to district and school based leaders during regional, school-based and district level meetings.

3.5 Fully engage teachers, school staff, families and students in School Site Council to ensure representation of voices in school based decisions and management.

3.6 Publicly share school progress towards implementation of the district’s engagement standards and school climate survey results.

3.7 Engage families and community to understand needs and engage in shared decision making through texts, on-line, surveys, and calling.

aligned progress measures (All measures disaggregated by EL, SWD, race, economic disadvantage, and other groups)
04 EXPAND OPPORTUNITY
Fair and equitable funding and welcoming environments.
Overview

Ensuring that our schools receive fair and equitable funding and investment will provide students greater access to more rigorous and enriching learning opportunities. How schools are resourced significantly affects student outcomes. Each community and neighborhood has different needs, which requires a tailored approach to meet them. Resources will be equitably and transparently allocated based on the unique needs of each school, community, and neighborhood. We will strategically, equitably, and responsibly transform our budget and facilities landscapes to ensure access to high-quality education in 21st-century learning environments.

ANCHOR GOAL#4

BPS schools will be funded to meet the unique needs of the students they serve.

DATA DEFINITION

The percentage of school budget allocations made based on student need categories. Student need categories pertain to both individual characteristics that impact WSF allocation, as well as aggregate measures pertaining to the concentration of certain student characteristics within the school community. Student need categories include grade level, level of resource room support, type of disability (e.g., Autism, Emotional Impairment, etc.), level of English language development, SLIFE status, high need status and concentration, Opportunity Index score, projected number of students in poverty, projected number of students experiencing homelessness, and Programmatic Supports (e.g., students in vocational or inclusion settings).

BUDGET ALLOCATION

Family Engagement

4.1 Fund all schools in a manner that meets the unique needs of the students they serve, with consideration given to English Learners, students with disabilities, economically disadvantaged students, students at risk of dropping out, off-track youth and other historically marginalized groups.

4.2 Improve funding formulas and create mechanisms to ensure equitable distribution of resources generated through fundraising, partnerships, and grants.

4.3 Uphold a standard of organizational effectiveness and excellence to ensure that we are meeting students’ needs and define the foundational academic and support services that every school must provide.

4.4 Make substantive progress with BuildBPS to create equitable, 21st-Century, safe and nurturing learning spaces and ensure safe, equitable pathways and connectors between schools.

4.5 Ensure that every BPS school and central office department collaborates with families, local youth- and family-focused partners and service agencies to ensure family awareness of and access to the resources they need to support student growth inside and outside the classroom.

4.6 Provide WiFi services to BPS Families most in need, so we are all connected.

Average score on facilities condition index.4
School quality is measured by the joyful School Environment Inventory, which identifies the extent to which a school’s learning environment is engaging, supportive, inclusive, challenging, and safe.

aligned progress measures

CULTIVATE TRUST

Caring and competent staff that reflect our students and are focused on service.
Every student deserves to have caring, competent, and professional educators and staff to help them reach their full potential. Research continuously proves that effective educators enable better outcomes for students. The district will continue to recruit, retain, and develop talent that is culturally and linguistically proficient and diverse and demonstrates the skills and knowledge necessary to serve our diverse student body effectively. Our culturally and linguistically diverse, talented, and well-trained workforce will be highly engaged, high-performing, and recognized for their exceptional care towards our students and families. We will transform the central office by ensuring the organizational structure supports the work of schools in a way that is collaborative and easily navigated. We will invest in the development of staff to create a culture of culturally proficient and welcoming service for our students, families, and community. We will successfully pursue operational excellence by identifying performance challenges and implementing solutions that address inefficiencies and ineffectiveness. Addressing these areas will help us re-establish trust with students, families, educators, leaders, and community stakeholders.

ANCHOR GOAL #5
BPS school and central office staff will reflect the students we serve.

DATA DEFINITION
Data Definition: The racial and linguistic representation gaps between BPS staff members and students (e.g., the percentage of school-based and centrally-based staff members who speak Spanish compared to the percentage of students who identify Spanish as a home language).

TEACHER DIVERSITY
Average representation gap by race and language between BPS staff and educators of color.

NEW HIRE DIVERSITY
Average representation gap by race and language between BPS staff members hired each year and the proportion of BPS students enrolled by race and language category.

TEACHER PERCEPTION
Average scores on select scales (group of related items) from the teacher climate survey related to perceptions of school quality and culture.

STUDENT PERCEPTION
Average scores on the Pedagogical Effectiveness scale from the student climate surveys.

SCHOOL STAFF PERCEPTION of central office
Average representation gap by race and language between BPS staff and educators of color.

ORGANIZATIONAL CULTURE SURVEY
Average scores on select scales (group of related items) from the teacher climate survey related to central office service, effectiveness, and accountability for results.

BPS is developing a survey to measure organizational culture throughout central office and schools to identify needed improvements.

5.1 Hire, support, and retain a workforce at every level that reflects our students’ diverse cultures and languages; and address the structural barriers which impact staff and educators of color.

5.2 Restructure central office for effectiveness and accountability in ways that provide appropriate engagement, support and accountability for school communities, with child and family friendly services.

5.3 Support and hold school leaders accountable for creating inclusive, culturally and linguistically sustaining, high-performing school communities, and leveraging teacher leadership.

5.4 Make BPS a place where educators and staff want to be employed because they are focused on serving our students and feel valued and supported in their work.

5.5 Revamp central office operations to ensure the highest quality of services to families, including school registration, transportation, food and nutrition services, and safety.

5.6 Increase transparency and accountability by providing new data tools, dashboards, and public reporting.

aligned progress measures
(All measures disaggregated by EL, SWD, race, economic disadvantage, and other groups)

5.6 Increase transparency and accountability by providing new data tools, dashboards, and public reporting.

ANCHOR GOAL#5
BPS school and central office staff will reflect the students we serve.

05 CULTIVATE TRUST
Caring and competent staff that reflect our students and are focused on service.
06 ACTIVATE PARTNERSHIPS

Expand learning beyond the classroom and connect the community to the classroom.
Overview

Schools can’t close opportunity gaps on their own. In order to address these gaps, we must adopt a broader perspective on when and where learning happens. We recognize that there are important skills that cannot be developed fully within the classroom and during the school day, and topics such as the arts and wellness that deserve more time than most schools can provide. We will engage community organizations, higher education, philanthropy, and the business community to make the entire city a classroom. In doing so, we will draw on Boston’s diverse array of resources, talent, and expertise in order to enrich learning for our students. In addition, partnerships with community-based organizations can help schools be more culturally and linguistically responsive to students and families.

ANCHOR GOAL#6
BPS schools will have established partnerships with community, employer, and higher education organizations that expand learning beyond the classroom and create pathways to college and career success.

06
ACTIVATE PARTNERSHIPS
Expand learning beyond the classroom and connect the community to the classroom

DATA DEFINITION
The percentage of schools with at least one partnership with an organization included in the Opportunity Portfolio. All organizations included in the Opportunity Portfolio go through a comprehensive vetting and assessment process that identifies exceptional School-Community Partners that provide quality learning opportunities.

PRIORITY
The percentage of students participating in summer learning programs and activities, including jobs and internships for high school students.

6.1 Connect every student to high quality before and after school, summer, and transition programs, and high school work experiences and internships in order to activate learning, build skills, and develop social capital.

6.2 Collaborate with partner organizations and agencies to provide learning and skill-building, focusing on social and emotional skills essential for youth development and professional skills critical to college and career success.

6.3 Coordinate partner organizations with school personnel to enrich learning and services during the school day including student support, college readiness and advising, dual enrollment and early college pathways.

6.4 Champion college and career awareness and work experiences creating visible pathways to postsecondary education, training, trades and career opportunities.

6.5 Engage key partners in decision-making in order to guide and develop coherent year round wraparound services, and learning experiences and programming for students.

6.6 Design and implement year round opportunities with partners to promote place-based and virtual project-based and experiential opportunity.

aligned progress measures
(All measures disaggregated by EL, SWD, race, economic disadvantage, and other groups)

SUMMER LEARNING
The percentage of students receiving partner services during the summer.

AFTER-SCHOOL SERVICES
The percentage of students receiving after school services from partner organizations by partnership category: Academic Support and Enrichment; Arts Programming; College and Career Readiness; Family Engagement and Support; Physical Health and Wellness; Social, Emotional and Behavioral Health.

IN SCHOOL SERVICES
The percentage of students receiving in-school services from partner organizations by partnership category: Academic Support and Enrichment; Arts Programming; College and Career Readiness; Family Engagement and Support; Physical Health and Wellness; Social, Emotional and Behavioral Health.

ACCESS TO PARTNERSHIPS
The percentage of schools with at least one partnership with an organization listed on PartnerBPS.

CAREER AND ACADEMIC PLANNING
The percentage of high school graduates enrolled in a postsecondary program within 16 months of graduation.

POSTSECONDARY ENROLLMENT
The percentage of students in grades 9-12 who have completed the MyCAP priority tasks for their grade level.

ANCHOR GOAL#6
BPS schools will have established partnerships with community, employer, and higher education organizations that expand learning beyond the classroom and create pathways to college and career success.

Artwork by Caleb Noon and Katie Yamasaki / 2014
The Strategic Plan will ensure that the work of the central office is seamlessly aligned to achieve excellent customer service and results to schools, families and students.

Guided by BPS policy, with a laser-like focus on the Opportunity and Achievement Gaps policy, the District Strategic Initiatives Operational Plan will provide the road-map for accomplishing the Strategic Initiatives in the District Plan. The Operational Plan provides matching orders for the Central Office departments. Each department will develop Central Office Work Plans. These work plans will ensure that school needs are met as described in Quality School Plans for each school. This is the way we will achieve excellent and equitable outcomes for our students.

With formative data collected from our Division’s monitoring processes coupled with formative and summative data from Data and Accountability, we will report on district-wide progress to the School Committee on a quarterly basis. Internally, we will implement communication structures and tools for aligned implementation support and accountability monitoring:

The Division of Equity and Strategy will support strategic planning, monitoring, implementation and accountability across the central office. The Division will ensure management structures are in place that reinforce effective management routines. This includes effective work stream delivery processes for departments, cross-departmental teams, steering committee, and working groups. As a result, the Strategic Plan will direct School Supports such as frameworks, expectations and other resources for Quality School Plans to deliver the world-class education all BPS students deserve.

WHAT IS NEXT?
IMPLEMENTATION + MONITORING

racial equity PLANNING TOOL will be used at every stage of the strategic planning + implementation process.
The plan defining clearly the actions the district will take to support the strategic plan. While the strategic plan was developed to help BPS achieve its long-term vision, the operational plan involves the process of deciding what needs to be done to achieve our tactical objectives, who is doing it, by when, key deliverables, and resources allocated. The Operational Plan is deeply rooted in the district's commitment to our students with highest needs: Black and Latinx students, students with special needs, and English learners.

CENTRAL OFFICE WORK PLAN

A work plan is a set of specific action steps BPS departments develop and implement to achieve the anchor goals described in the Strategic Plan. BPS work plans are SMARTIE ('specific, measurable, accountable, realistic, time-bound, inclusive and equitable' as adapted from the Management Center). Work Plans are developed by utilizing the BPS Racial Equity Planning Tool.

What is equitable and fair funding?

Weighted Student Funding, also known as fair student funding or student-based budgeting, is BPS primary mechanism for funding schools. It advances the goal of equity by ensuring that students are funded equitably, regardless of which school they attend.

BPS calculates per-student funding by assigning a value to the various factors that go into meeting a student's academic needs, and then adding them up. Among the measures including in this funding formula, BPS funds schools using the Opportunity Index to ensure students greater needs have access to more resources to accelerate their learning and close achievement and opportunity gaps.

Beginning in FY21, BPS has also taken measures to ensure a minimum standard of quality regardless of enrollment. Historically, our definition of sustainability ensured that all schools could “get by”, they could afford the things that they were required to have. However, schools needed some flexibility to tailor their budgets to the specific needs of their community. The new Foundation for Quality addresses this concern. It ensures that all schools have a baseline amount of funding above our definition of compliance that is grounded in equity.

CENTRAL OFFICE WORK PLAN

A work plan is a set of specific action steps BPS departments develop and implement to achieve the anchor goals described in the Strategic Plan. BPS work plans are SMARTIE ('specific, measurable, accountable, realistic, time-bound, inclusive and equitable' as adapted from the Management Center). Work Plans are developed by utilizing the BPS Racial Equity Planning Tool.

</tbody>
</table>

$1.26B BPS GENERAL FUND

The main source of funding for the Strategic Plan will be the Boston Public Schools general fund $1.26B. In many ways, the FY21 Budget was created alongside the drafting of the strategic plan. As a result, staff and departments have already focused their strategic efforts as needed to implement the Strategic Plan and its aligned Operational Plan, adjusting departmental budgets, staffing and responsibility areas accordingly.

$100M CITY OF BOSTON Over 3 Years

Mayor Martin Walsh committed an additional $100M in new investments from the City of Boston over 3 years.

$1.8M STUDENT OPPORTUNITY ACT

BPS leaders wrote the $1.8M Student Opportunity Grant to align with both SOA and district goals, focusing on student subgroups to close achievement gaps, using evidence-based programs to close gaps, monitoring success with outcome metrics and targets, and engaging all families.

$500K PHILANTHROPY

BPS is engaging in targeted requests to Philanthropy and fundraising to support the plan.
In order to ensure that all students are successful, it is critical that we address opportunity and achievement gaps that exist across and within any given progress measure. For this reason, rather than narrowly identifying a single “gap-closing” measure, we will ensure that all progress measures include thoughtful disaggregation by key groups, paired with data visualizations that highlight any disparities between groups. Such reporting will ensure that equity and gap-closing are paramount for every progress measure and commitment.

There are some groups by which student results will be consistently presented, such as by English learner status, disability status, race, and economic disadvantage. Likewise, for measures that focus on school-specific outcomes, performance will be provided by school and school type. In addition, depending on the progress measure, data will be disaggregated and reported in additional ways to provide greater nuance and reveal meaningful comparisons.

Please consider these illustrative examples of how reporting and presentation of data will vary by progress measure. For each of these examples, reporting will also include the standard disaggregation by EL status, disability status, race, and economic disadvantage:

For the graduation measure, which is focused on on-time four-year graduation rate, we will contextualize performance with side-by-side reporting on the five-year high school graduation rate as well as the extended engagement rate (the percentage of students who graduate within five years plus the percentage of students who are still enrolled) by student group and school.

For the EL progress measure, which calculates the mean student growth percentile for students taking the ACCESS for ELLs assessment to gauge progress in English language acquisition, we will disaggregate data by student ELD level, grade span, and crosstab EL status and disability status.

For the teacher diversity measure, which calculates the Teacher/Student Parity Index by dividing the percentage of teachers who identify as teachers of color by the percentage of all students who identify as students of color, we will contextualize performance with side-by-side reporting on the representation gaps by race (e.g., the percentage of teachers who identify as Black compared to the percentage of students who identify as Black).

In addition to desegregating and contextualizing data, multiple years of data will be presented to support members of the public in understanding performance over time.
1. MAP Fluency assesses student progress in the progression of phonological awareness from sounds to decoding words. At the end of K2, students are expected to either Meet or Exceed grade level expectations for the Phonological Awareness task of Foundational Reading Skills or take the oral reading portion of the MAP Fluency Reading Assessment.

2. Students receive an scaled score for each Massachusetts Comprehensive Assessment System (MCAS) test they take in English Language Arts (ELA) and Mathematics, ranging from 440 to 560. Scores of 500 or higher indicate that a student has met grade level expectations and is on track to succeed in the current grade in the subject. To calculate an average MCAS score in ELA or mathematics, all of the MCAS test scores for the group/school are added together and divided by the number of students with scores.

3. Students take the MCAS Science and Technology/Engineering (STE) tests in grades 5, 8, and high school. For grades 5 and 8, scores range from 440 to 560, just as they do in ELA and mathematics. High school science scaled scores range from 200 to 280, and may also be reported using the 100-point Composite Performance Index (CPI). The CPI assigns 100, 75, 50, 25, or 0 points to each student based on how high the student's MCAS result is compared to that of their academic peers. For a school or district, the growth percentile for a school is calculated by dividing the total number of points by the number of students in the group.

4. Massachusetts reports growth for ELA and mathematics for grades 4 through 10. The Massachusetts growth model uses students' historical MCAS results to calculate growth percentiles. As such, no results will be available for grade 3 (the first grade of MCAS testing) or for science (because science is tested only in grades 5, 8, and high school). Massachusetts measures growth for an individual student by comparing the change in their MCAS achievement from one year to the subsequent year to that of all other students in the state who had similar historical MCAS results (the student’s ‘academic peers’). This change in achievement is reported as a student growth percentile and indicates how close they came to scoring Proficient or Advanced. All students scoring Proficient or Advanced are assigned 100 CPI points; students with very low MCAS scores are assigned 0 CPI points. Average CPI is calculated by dividing the total number of points by the number of students in the group.

5. The School Quality Framework (SQF) evaluates school quality in five areas: student performance, teaching and learning, family, community and culture, leadership and collaboration, and access and opportunities. Within each area, BPS has identified outcomes and measures relevant to these diverse aspects of school quality. Under the SQF, a school will receive a score from 0-100 based on measurements in the five areas. These scores correlate to a school quality tier from 1-4 that is used for the purpose of school choice.

6. Massachusetts includes completion of advanced coursework as an indicator in the state accountability framework. The indicator measures the percentage of all students enrolled in 11th and 12th grade that complete at least one advanced course, including Advanced Placement (AP), International Baccalaureate (IB), Project Lead the Way (PLTW), dual enrollment for credit. Chapter 74-approved vocational/technical secondary cooperative education programs and articulation agreement courses, and other DESE-selected rigorous courses such as Computer Science Principles, Microbiology, Organic Chemistry, Multivariate Calculus, Analytic Geometry, etc.

7. The specific reporting definitions for inclusion vary by age: For students ages 6-21, full inclusion constitutes an environment wherein the student with disabilities is inside the general education classroom 80% or more of the school day, whereas a student is considered receiving partial inclusion if the student is inside the general education classroom 40-79% of the school day. For students ages 3-5, full inclusion constitutes an environment wherein a student with disabilities is in an inclusive early childhood program and receives >50% of their special education and related services in that setting, while partial inclusion is defined as a student participating in an inclusive early childhood program and receiving their special education and related services in that setting 0-50% of the time.

8. Example parent climate survey scales under consideration for inclusion include Overall Perception of School (My child's school is a good place for my child to learn; My child's school is responsive to the needs of all students) and Safe and Welcoming School Environment (My child's school makes me feel welcome whenever I visit; My child feels safe at this school), among others.

9. Example student climate survey scales under consideration for inclusion include Valuing of Learning (How much do you enjoy learning in school), Student Engagement (How excited are you about going to this class), and Civic Participation (How important is it to you to get involved in improving your community), among others.

10. Example teacher climate survey scales under consideration for inclusion include Teacher-Principal trust (To what extent do you trust your principal at his or her word), Community Engagement (To what extent are all groups of parents represented in the governance of the school), Access/Quality Resources (How adequate is your access to the materials you need to effectively teach), and Quality Professional Development (Overall, how strong has support for your professional growth been).

11. The Facilities Condition Index (FCI), which is in development, will be utilized to objectively assess the current and projected condition of all BPS school buildings on an annual basis. The FCI will indicate the approximate condition of a building. It is shown as a decimal between 0 and 1, with lower scores reflecting better facility conditions.

12. The Teacher/Student Parity Index is calculated by dividing the percent of teachers who identify as teachers of color by the percentage of all students who identify as students of color. A value of 100 would mean perfect parity or representation between the two populations. A value lower than 100 means that teachers of color are under-represented compared to students of color in the school.

13. Example teacher climate survey scales under consideration for inclusion include Teacher-Principal trust (To what extent do you trust your principal at his or her word), Community Engagement (To what extent are all groups of parents represented in the governance of the school), Access/Quality Resources (How adequate is your access to the materials you need to effectively teach), and Quality Professional Development (Overall, how strong has support for your professional growth been).

14. Example items from the Pedagogical Effectiveness scale include 'How clearly does this teacher present the information that you need to learn', 'How well can this teacher tell whether or not you understand a topic', 'How comfortable are you asking this teacher questions about what you are learning in his/her class', 'How often does this teacher give you feedback that helps you learn.'
While it is too early to report any significant learnings from the current pandemic, it has brought our current challenges into starker focus. As a district, we must:

- Address racial and economic inequalities in our schools through differentiated funding;
- Change our approach to instruction to overcome lost learning;
- Add high-quality social and emotional support for students as we recover from this experience;
- Close the digital divide that has limited our ability to deliver high quality remote learning opportunities to all students; and
- Develop new and better ways to connect with and engage families.

To that end, we have added six priorities to our Strategic Plan.

TO COMMITMENT 1 Eliminate Opportunity and Achievement Gaps
1.11 Provide 1:1 technology to provide opportunity for remote learning to every BPS student in grades 3-12.

TO COMMITMENT 2 Accelerate Learning
2.9 Provide remote learning opportunities year round to accelerate learning including during school breaks to prevent learning loss, and provide students opportunities to accelerate their own learning.

COMMITMENT 3 Amplify Voice
3.7 Engage families and community to understand needs and engage in shared decision making through texts, on-line, surveys, and calling.

COMMITMENT 4 Expand Opportunity
4.6 Provide WiFi services to every BPS Family so we are all connected.

COMMITMENT 5 Cultivate Trust
5.6 Increase transparency and accountability by providing new data tools, dashboard,s and public reporting.

TO COMMITMENT 6 Activate partnerships
6.6 Design and implement year round opportunities with partners to promote place-based, and virtual project-based and experiential opportunity.
Strategic APPENDIX

+ Resources

BPS AT A GLANCE
2019 / 2020

Breathe Life 3, 2019 by Problak (Rob Gibbs), Lower Roxbury. Commissioned by Now + There.
**Summary of COMMITMENTS + Priorities**

### 01 | ELIMINATE OPPORTUNITY AND ACHIEVEMENT GAPS

**Equitable and Excellent Student Outcomes**

**ANCHOR GOAL #1** BPS graduates will be ready for success in college, career, and life.

- Ensure that BPS policies, plans, and budgets advance the Opportunity and Achievement Gaps (OAG). Plan for the environment that prepares new graduates for the opportunities and challenges they will face.
- Ensure that BPS policies, plans, and budgets accelerate the Opportunity and Achievement Gaps (OAG). Plan for the environment that prepares new graduates for the opportunities and challenges they will face.
- Ensure that BPS policies, plans, and budgets advance the Opportunity and Achievement Gaps (OAG). Plan for the environment that prepares new graduates for the opportunities and challenges they will face.
- Ensure that BPS policies, plans, and budgets advance the Opportunity and Achievement Gaps (OAG). Plan for the environment that prepares new graduates for the opportunities and challenges they will face.
- Ensure that BPS policies, plans, and budgets advance the Opportunity and Achievement Gaps (OAG). Plan for the environment that prepares new graduates for the opportunities and challenges they will face.

**20/25 Strategic Plan**

- BPS schools will implement and fully integrate student wellness curriculum for cultural and linguistic bias and relevance, including bilingual education, dual language, and cultural heritage programs.
- BPS schools will implement and fully integrate student wellness curriculum for cultural and linguistic bias and relevance, including bilingual education, dual language, and cultural heritage programs.
- BPS schools will implement and fully integrate student wellness curriculum for cultural and linguistic bias and relevance, including bilingual education, dual language, and cultural heritage programs.
- BPS schools will implement and fully integrate student wellness curriculum for cultural and linguistic bias and relevance, including bilingual education, dual language, and cultural heritage programs.
- BPS schools will implement and fully integrate student wellness curriculum for cultural and linguistic bias and relevance, including bilingual education, dual language, and cultural heritage programs.

### 02 | ACCELERATE LEARNING

**High-quality schools and joyful classrooms district-wide**

**ANCHOR GOAL #2** BPS schools will demonstrate strong growth in ELA and Math.

- Prioritize rigor and language and mathematical proficiency as foundational academic and behavioral expectations.
- Prioritize rigor and language and mathematical proficiency as foundational academic and behavioral expectations.
- Prioritize rigor and language and mathematical proficiency as foundational academic and behavioral expectations.
- Prioritize rigor and language and mathematical proficiency as foundational academic and behavioral expectations.
- Prioritize rigor and language and mathematical proficiency as foundational academic and behavioral expectations.

- Fully implement universal pre-kindergarten through a tiered delivery model that leverages district and community options and returns high-quality early education experiences for all early learners.
- Fully implement universal pre-kindergarten through a tiered delivery model that leverages district and community options and returns high-quality early education experiences for all early learners.
- Fully implement universal pre-kindergarten through a tiered delivery model that leverages district and community options and returns high-quality early education experiences for all early learners.
- Fully implement universal pre-kindergarten through a tiered delivery model that leverages district and community options and returns high-quality early education experiences for all early learners.
- Fully implement universal pre-kindergarten through a tiered delivery model that leverages district and community options and returns high-quality early education experiences for all early learners.

**เตาเตอร์ and Career**

- Support and coach educators to deliver high-quality virtual learning opportunities for students with disabilities and implemented strategies to increase instruction in robust virtual programs and address diversity, equity, and inclusion in all separate settings.
- Support and coach educators to deliver high-quality virtual learning opportunities for students with disabilities and implemented strategies to increase instruction in robust virtual programs and address diversity, equity, and inclusion in all separate settings.
- Support and coach educators to deliver high-quality virtual learning opportunities for students with disabilities and implemented strategies to increase instruction in robust virtual programs and address diversity, equity, and inclusion in all separate settings.
- Support and coach educators to deliver high-quality virtual learning opportunities for students with disabilities and implemented strategies to increase instruction in robust virtual programs and address diversity, equity, and inclusion in all separate settings.
- Support and coach educators to deliver high-quality virtual learning opportunities for students with disabilities and implemented strategies to increase instruction in robust virtual programs and address diversity, equity, and inclusion in all separate settings.

**Uphold a standard of excellence and accountability in ways that inspire our students and families to be the best that they can be**

- Uphold a standard of excellence and accountability in ways that inspire our students and families to be the best that they can be.
- Uphold a standard of excellence and accountability in ways that inspire our students and families to be the best that they can be.
- Uphold a standard of excellence and accountability in ways that inspire our students and families to be the best that they can be.
- Uphold a standard of excellence and accountability in ways that inspire our students and families to be the best that they can be.
- Uphold a standard of excellence and accountability in ways that inspire our students and families to be the best that they can be.

### 03 | AMPLIFY ALL VOICES

**Shared decision-making, partnerships, and mutual accountability**

**ANCHOR GOAL #3** BPS schools will implement the core elements of family engagement.

- Engage youth voice in decision-making and amplify student and parent voice by leveraging SAC, the Superintendent’s Summit, BPS Cabinet, focus groups, and other forums organized to provide voices for parents.
- Engage youth voice in decision-making and amplify student and parent voice by leveraging SAC, the Superintendent’s Summit, BPS Cabinet, focus groups, and other forums organized to provide voices for parents.
- Engage youth voice in decision-making and amplify student and parent voice by leveraging SAC, the Superintendent’s Summit, BPS Cabinet, focus groups, and other forums organized to provide voices for parents.
- Engage youth voice in decision-making and amplify student and parent voice by leveraging SAC, the Superintendent’s Summit, BPS Cabinet, focus groups, and other forums organized to provide voices for parents.
- Engage youth voice in decision-making and amplify student and parent voice by leveraging SAC, the Superintendent’s Summit, BPS Cabinet, focus groups, and other forums organized to provide voices for parents.

**EXPAND OPPORTUNITY**

**Fair and equitable funding and rewarding environments**

- Fund all schools in a manner that meets the unique needs of the students they serve, with consideration given to English Learners, students with disabilities, economically disadvantaged students, students at risk of dropping out, off-track youth and other historically marginalized groups.
- Fund all schools in a manner that meets the unique needs of the students they serve, with consideration given to English Learners, students with disabilities, economically disadvantaged students, students at risk of dropping out, off-track youth and other historically marginalized groups.
- Fund all schools in a manner that meets the unique needs of the students they serve, with consideration given to English Learners, students with disabilities, economically disadvantaged students, students at risk of dropping out, off-track youth and other historically marginalized groups.
- Fund all schools in a manner that meets the unique needs of the students they serve, with consideration given to English Learners, students with disabilities, economically disadvantaged students, students at risk of dropping out, off-track youth and other historically marginalized groups.
- Fund all schools in a manner that meets the unique needs of the students they serve, with consideration given to English Learners, students with disabilities, economically disadvantaged students, students at risk of dropping out, off-track youth and other historically marginalized groups.

### 04 | CULTIVATE TRUST

**Caring and competent staff that reflect our students and families are the focus of service**

**ANCHOR GOAL #4** BPS schools will be funded to meet the unique needs of the students they serve.

- Anchor GOAL #5 BPS schools and central office staff will reflect the students we serve.
- Anchor GOAL # 5 BPS schools and central office staff will reflect the students we serve.
- Anchor GOAL # 5 BPS schools and central office staff will reflect the students we serve.
- Anchor GOAL # 5 BPS schools and central office staff will reflect the students we serve.
- Anchor GOAL # 5 BPS schools and central office staff will reflect the students we serve.

- Support and coach educators to deliver high-quality virtual learning opportunities for students with disabilities and implemented strategies to increase instruction in robust virtual programs and address diversity, equity, and inclusion in all separate settings.
- Support and coach educators to deliver high-quality virtual learning opportunities for students with disabilities and implemented strategies to increase instruction in robust virtual programs and address diversity, equity, and inclusion in all separate settings.
- Support and coach educators to deliver high-quality virtual learning opportunities for students with disabilities and implemented strategies to increase instruction in robust virtual programs and address diversity, equity, and inclusion in all separate settings.
- Support and coach educators to deliver high-quality virtual learning opportunities for students with disabilities and implemented strategies to increase instruction in robust virtual programs and address diversity, equity, and inclusion in all separate settings.
- Support and coach educators to deliver high-quality virtual learning opportunities for students with disabilities and implemented strategies to increase instruction in robust virtual programs and address diversity, equity, and inclusion in all separate settings.

### 05 | ACTIVATE PARTNERSHIPS

**Expand learning beyond the classroom and connect the community to the classroom**

**ANCHOR GOAL #6** BPS schools will have established partnerships with community, employer, and higher education organizations that expand learning beyond the classroom and connect pathways to college and career success.

- Activate partnerships with community, employer, and higher education organizations that expand learning beyond the classroom and connect pathways to college and career success.
- Activate partnerships with community, employer, and higher education organizations that expand learning beyond the classroom and connect pathways to college and career success.
- Activate partnerships with community, employer, and higher education organizations that expand learning beyond the classroom and connect pathways to college and career success.
- Activate partnerships with community, employer, and higher education organizations that expand learning beyond the classroom and connect pathways to college and career success.
- Activate partnerships with community, employer, and higher education organizations that expand learning beyond the classroom and connect pathways to college and career success.

Mass Cultural Competency Determination (CS). As of Spring 2019, 58% of the class of 2021 met the MCA Cultural Competency Determination by performing at Proficient or higher in both ELA and math and at Feasibility or High in science—which represents no change from 2018 to 2019 and a 3% increase over the class of 2010.

SAT Results. Average scores on the SAT Reasoning test for the class of 2019 were:

- Total: 1,016
- Critical Reading: 543
- Math: 540
- Writing: 526

Advanced Placement Performance. In 2018-2019, BPS students took 1,504 AP tests. Most college grants cover scores of 3 and above.

**Student Achievement & Outcomes**

**MCAS Competency Determination**

- % scores of 3+ in ELA = 58.8%
- % scores of 3+ in Math = 45.2%
- % scores of 3+ in Science = 56.5%

**Mass. Cultural Competency Determination**

- % scores of 3+ in ELA = 58.8%
- % scores of 3+ in Math = 45.2%
- % scores of 3+ in Science = 56.5%

**2017 & 2018 Graduation Rates**

- Rate of graduation for 9th grade students that entered in 2017 = 95.4%
- Rate of graduation for 10th grade students that entered in 2016 = 93.3%
- Rate of graduation for 11th grade students that entered in 2015 = 92.0%
- Rate of graduation for 12th grade students that entered in 2014 = 90.5%

**Student Attendance**

- Days of attendance: 130
- Days of excused absences: 4
- Days of unexcused absences: 2
- Days of tardiness: 1

**MCAS Testing**

- % of students taking MCAS = 97.3%
- % of students meeting or exceeding expectations = 46.0%
- % of students meeting or exceeding expectations for students with disabilities = 50.0%

**Special Education**

- % of special education students meeting or exceeding expectations = 46.0%
- % of special education students meeting or exceeding expectations for students with disabilities = 50.0%

**ELA Testing**

- % of students meeting or exceeding expectations = 46.0%
- % of students meeting or exceeding expectations for students with disabilities = 50.0%

**Math Testing**

- % of students meeting or exceeding expectations = 46.0%
- % of students meeting or exceeding expectations for students with disabilities = 50.0%

**Science Testing**

- % of students meeting or exceeding expectations = 46.0%
- % of students meeting or exceeding expectations for students with disabilities = 50.0%

**BPS Special Education**

- % of students meeting or exceeding expectations = 46.0%
- % of students meeting or exceeding expectations for students with disabilities = 50.0%

**BPS Math**

- % of students meeting or exceeding expectations = 46.0%
- % of students meeting or exceeding expectations for students with disabilities = 50.0%

**BPS Total**

- % of students meeting or exceeding expectations = 46.0%
- % of students meeting or exceeding expectations for students with disabilities = 50.0%
