Si el estudiante para el que está completando la solicitud tiene hermanos, puede indicarlo aquí. Aún necesitará hacer una solicitud para cada uno, pero esto permite que los programas agrupen a los hermanos cuando sea posible.

Este formulario le pide su consentimiento para que la foto del estudiante se use en materiales futuros y los datos de desempeño se compartan dentro de las organizaciones involucradas para identificar áreas claves de éxito y crecimiento. Asegúrese de revisar el formulario completo antes de firmar.

The screenshot shows a web interface for the Boston & Beyond Consent Form. At the top, there is a blue navigation bar with a "Signout" link on the left and a language dropdown menu set to "English" on the right. Below the navigation bar is the Boston Public Schools logo, which includes the text "BOSTON Public Schools" and "Focus on Children". To the right of the logo are two links: "Learn More" and "Programs".

The main content area is divided into two columns. The left column, titled "Application Progress", contains a vertical list of steps: 1. Student Information, 2. Additional Information, 3. Guardian Information, 4. Summer Program Selection, 5. Siblings, 6. Boston & Beyond Consent Form (highlighted with a green checkmark), 7. Signatures, 8. Review & Send, and 9. Complete. Below this list is a blue button with a question mark icon and the text "Support", followed by a link for "Requirements & Policies".

The right column, titled "Boston & Beyond Consent Form", contains the text of the consent form. It begins with "Dear Parent or Guardian," followed by an introductory paragraph about the project's goals. It then asks "What does this project need from my student to understand after-school and summer program quality?" and lists two questions: a) about student information and b) about student opinion. Question b) includes a bulleted list of surveys: Survey of Academic and Youth Outcomes (SAVO-Y), Holistic Student Assessment (HSA), and Common Instrument (CI). Below this is a section titled "Will this information be private?" with a paragraph explaining that the data is private and used for improvement, and another paragraph stating that other after-school and summer programs may review the student's information to confirm enrollment.
