To All -

Attached are the minutes of our Nov. 13 meeting. Send corrections now or save them for our Dec. 19 meeting.

Immediate Action:

- OEL and OSE should plan to attend the Nov 27 EL Human Capital meeting at 1:00 in Room 213.
- OEL and OSE will send suggested language for the Budget Guidance document before that meeting.
- Priya was asked to send the OEL data on the match between single-language SEI classes and the language of the teacher.
- Maria was asked to send the draft Guidance Document, after she/they complete the final draft before editing.
- Priya was asked to send whatever material is now available from OEL work with Harvard on options under the LOOK Bill.

Longer-term Follow-up Issues:

- BPS needs to be able to set a language requirement for teachers in single-language classrooms. (Currently in negotiation.)
- There is a need to make a language requirement in job postings for new hires.
- BPS development of proposals to group Spanish-speaking students to DOJ. (Unclear if only EL or also ELSWD students.)
- Student grouping needs to be imbedded in BuildBPS plans, and unclear that it is now happening.

Comments and/or corrections on this cover note and the minutes, please.
peace, john

Good morning John and all,
Thanks for the minutes.
Enjoy your Thanksgiving holiday!
Best wishes,
Ellen
