Title I

Title I is the Federal government’s largest entitlement grant. Its purpose is “to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging State academic achievement standards and state academic assessments.”

It is allocated across states based on Census data regarding students living in poverty.
What does Title I fund in the Boston Public Schools?

School allocations to BPS and Private/Parochial schools with eligible Boston students.

Family engagement activities - Initiatives around student, family and school capacity building, family access and community engagement and opportunity.

Summer Programs - 51 summer learning programs aimed at serving at-risk students in grades PreK-12.

Opportunity and Achievement Gap strategies like Excellence for All, 10 Boys and Girls Initiative, Culturally and Linguistically Sustaining Practices, Executive Director for Immigrant and Targeted Populations, etc.

Turnaround transition funds - to provide supports for our highest need schools.

Academic Response team - Internal BPS resource to support schools in improving student achievement. ART partners with schools for an in-depth support residency during the year.
Title I For English Learners and BPS

In 1992, BPS entered a federal court order with attorneys from Multicultural Education Training and Advocacy, Inc. (META) to ensure that Title I spending is equitable for ELs.

Supplement, Not Supplant

Cannot be something that is required or that is otherwise purchased for other students at your school.

Exception: HILT for SLIFE programs

Solely to benefit ELs

Only ELs, with any FTEs needing to primarily serve ELD 1-2.

Tailored to ELs’ needs

Purchases need to be tailored to meet ELs’ unique language development needs.

META attorneys audit Title I expenditures annually.
School Allocations

School allocations represent approx. 45% of the Title I Budget. The Title I for EL allocation represents the equitable allocation set aside for BPS EL population.

- General Title I Funds: $10,466,883
- Title I for EL Funds: $5,673,508
How much? The “EL Equity Amount”

If 25% of students are ELs, then 25% of total Title I funds must be spent to meet the required annual “EL Equity Amount” of spending.

% of Title I funds = % percentage of your EL population
How are Title I for EL funds spent?

Schools submit a Title I for EL Plan reflecting how they want to use these funds. The OEL and Finance office approves the Plan and funds are then spent. In FY19, funds have been allocated across these categories of spending.

What can I spend this money on? Assessing EL Students’ Needs

OUT OF SCHOOL TIME

SUPP. MATERIALS

PROFESSIONAL DEVELOPMENT

INTERVENTIONS

For example:

Extended Learning Time

Schools have extended learning to target their ELs in need of extra support.

Supplemental Curriculum

Schools have purchased supplemental National Geographic materials.

EL Specific Conferences

Schools have sent ESL teachers to MABE & MATSOL conferences.

Extra FTEs

Additional ESL teachers for smaller groups of ELD 1s and 2s above & beyond minimum compliance.
