

## How to access Clever at Home

### What is Clever?

Clever is a “portal” where you can access many apps used by your student’s school or classroom teacher(s). Visit [www.bostonpublicschools.org/backpack](http://www.bostonpublicschools.org/backpack) to access Clever.

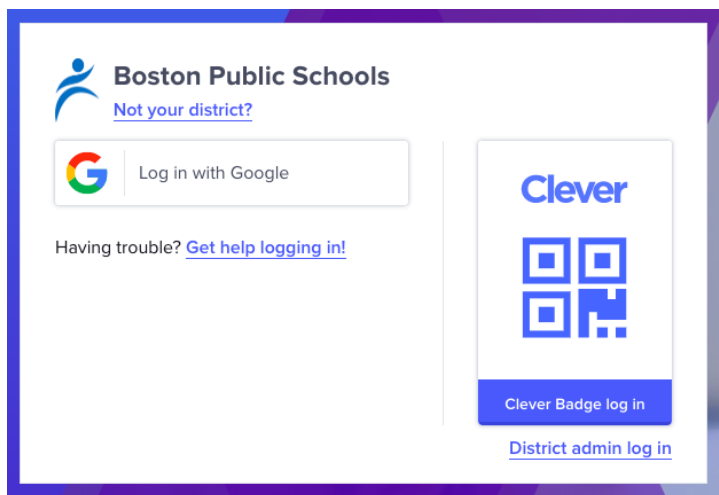

How can my student login?

[Watch an interactive step-by-step tutorial.](#)

**There are two ways to access Clever:**

- use your BPS Gmail and password
- sign in with a Clever Badge

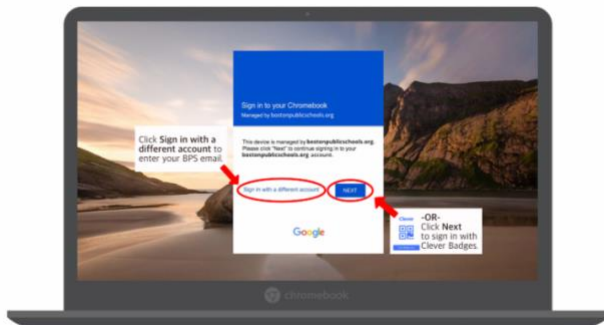

**Option 1: Use your BPS Gmail and password.**

1. Go to [www.clever.com/in/bostonpublic](http://www.clever.com/in/bostonpublic).
2. Press the "Log in with Google" button. You should login with your BPS Gmail and password.

**Option 2: Sign in with a Clever Badge.**

### On a BPS-managed Chromebook

Turn on the Chromebook and click “Next” at the login screen to be presented with the camera window. If students want to login with their Gmail account, they should click “Sign in with a different account” instead.

### **On Mac and Windows Devices**

Go to the Clever login screen by visiting [www.clever.com/in/bostonpublic](http://www.clever.com/in/bostonpublic). Click the QR code icon to the right of the "Login with Google" button to be presented with the camera window.

### **On an iOS Device**

Download the Clever app from the [App Store](https://apps.apple.com) on your iOS device. Once installed, badges can be used to log into Clever.

*You cannot login to backpack from the Safari or Chrome browsers on an iPad. You must also download and install the learning application on your iOS device.*

### **On an Android Device**

The Clever app is not available for Android devices, but you can still access Clever using Badges on an Android device by visiting [www.clever.com/in/bostonpublic](http://www.clever.com/in/bostonpublic) through a web browser.

**Tip:** Visit [Clever Support](#) for more information about Badges.
