Follow Up Responses to Questions Asked:

- DESE only collects aggregate enrollment data for non-public schools, [posted here](#).
- Additional information on the OI:
 - The table on the right outlines which indicators are used for which grade levels.
 - Additional information on the OI can be found on the BPS website at www.bostonpublicschools.org/oi.
- Will there be sub-separate classrooms and/or separate SEI classrooms at the exam schools?
 - Schools will be staffed to provide the services in students' IEPs. If a substantially separate classroom is needed, it will be provided. Like all high schools, we will work on scheduling to meet students' needs.

Follow Up Responses to Questions Asked: Census Tracts

- Census tracts average about 4,000 Inhabitants
 - Minimum Population – 1,200
 - Maximum Population – 8,000
- Participant Statistical Areas Program (PSAP)
 - Program offered once every 10 years
 - Local involvement in delineating statistical areas
 - Census tracts are split or merged, depending on population change
- Census tracts are designed to be relatively permanent over time.
 - Any changes are documented so data can be compared from decade to decade.
 - Census tracts with more than 8,000 people are split into 2 or more tracts and are given an extension to their existing numeric code
 - Census tracts with less than 1,200 people are merged with a neighboring tract and are given a new numeric code
- 2016-2020 5-Year ACS estimates are scheduled to be released on 12/9/2021.
