GREEN NEW DEAL for BPS

A Quality Guarantee...

**Academics:** High quality ethnically and culturally responsive curriculum, instruction and career pathways

**Enrichment:** Access to arts, sports, student government, and safe places to go before and after school

**Facilities:** Modern buildings with access to science labs, technology, libraries, gymnasiums, and performance, supportive and green spaces

**Student & Family Supports:** Resources for families so our students, families, and communities can thrive
GREEN NEW DEAL for BPS

Types of Projects

- **Studies**: This is our first step on this project to understand what programming and design the community wants to see reflected in school buildings
- **District-Wide Initiatives**: Construction or renovation projects happening at every school; for example, installation of air conditioners
- **Renovations**: City-funded major improvements to existing buildings to meet the quality guarantee
- **New Builds**: Construction projects to create new school buildings that are either City-funded or funded in partnership by the state through the MSBA Core Program
GREEN NEW DEAL for BPS: Foundational Tools

Building Dashboard – completed and published in May 2022

Facilities Condition Assessment – now underway; will be complete in Spring 2023
- Analysis of each BPS facility, including current conditions, useful life estimates, replacement costs, and a detailed asset inventory

PreK-6 / 7-12 School Design Study – now underway; will be complete by the end of 2023
- Development of educational vision and standards for new/improved buildings across the District
- Goal is to accelerate future construction and renovation projects

10-year facilities action plan

DISCUSSION

● What questions, feedback, or recommendations do you have about the proposal to merge the Sumner and Philbrick and move into the renovated Irving building?
● If Roslindale gains new swing space, what opportunities does that open up for your schools?
● How should we prioritize Roslindale students’ needs in the 10-year facilities action plan?
Our goal is to develop a 10-year facilities action plan by the end of 2023 for community feedback. This plan will have a clear timeline, sequence of projects, and cost estimates.
