

Boston Public Schools

4-Year Graduation Rate By Cohort Group*

* Other: includes Non-Graduate Completers, GED and Expelled.

Note: Percentages may not total to 100% due to rounding.

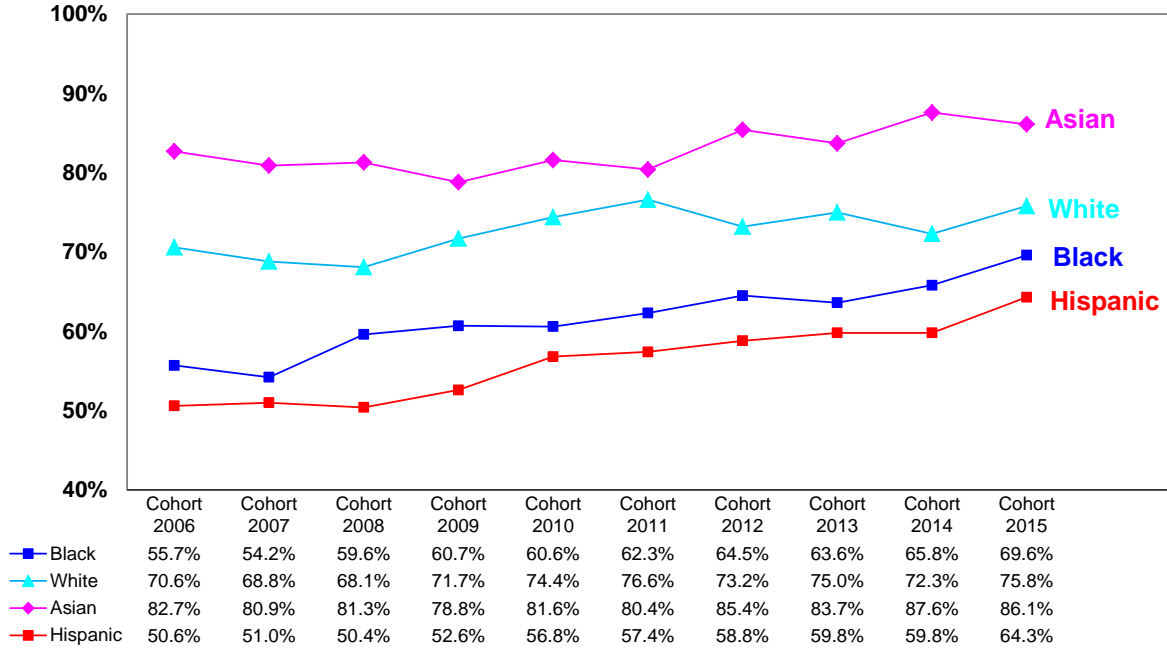

- Since 2007 the 4-year graduation rate has steadily increased, from 57.9% to 70.7% in 2015, the highest rate ever, despite more demanding Competency Determination¹ (CD) standards required by the state for graduation. Compared to 2014, the four-year rate increased 4 percentage points the largest increase that BPS has seen since 2006, when the four-year cohort rate was introduced.
- Importantly, the 4-year cohort dropout rate is the lowest of the ten cohorts, at 11.9%, or 0.7 points lower than the 2014 cohort.
- Additionally, the percentage of students who did not graduate in four years but who remained in school also declined (to 15.4%), 0.4 percentage points higher than the lowest mark of the 2008 cohort.

* The 4-year graduation cohort consists of students who were 1st time 9th graders four years prior to the year of graduation; it also includes students who transferred into BPS and excludes students who transferred out of BPS and deaths during the four-year period. The status (e.g., graduated, still enrolled) is updated as of October 1 of the following school year. For example, the population for the Cohort 2015 includes students who were enrolled in BPS in grade 9 in the fall of 2011 plus transfers into BPS minus transfers out of BPS or deaths occurring through the end of SY 2014-15. The status (e.g., graduated, still enrolled) is updated as of October 1, 2015.

¹ In order to graduate, students must meet all local requirements, and earn a Competency Determination (CD). Students in the class of 2010 and beyond earn a CD by scoring a minimum of 240 (*Proficient or Advanced*) on the grade 10 MCAS tests in English Language Arts and Mathematics or by scoring a minimum of 220 (*Needs Improvement*) in these tests and completing an Educational Proficiency Plan (EPP). Students must also score a minimum of 220 (*Needs Improvement*) on a high school Science & Technology/Engineering MCAS test. For students in the classes of 2009 and prior, earning a CD meant scoring a 220 (*Needs Improvement*) or higher on the grade 10 MCAS ELA and Math tests only (Science CD was not required).

Boston Public Schools

4-Year Graduation Rate By Race/Ethnicity

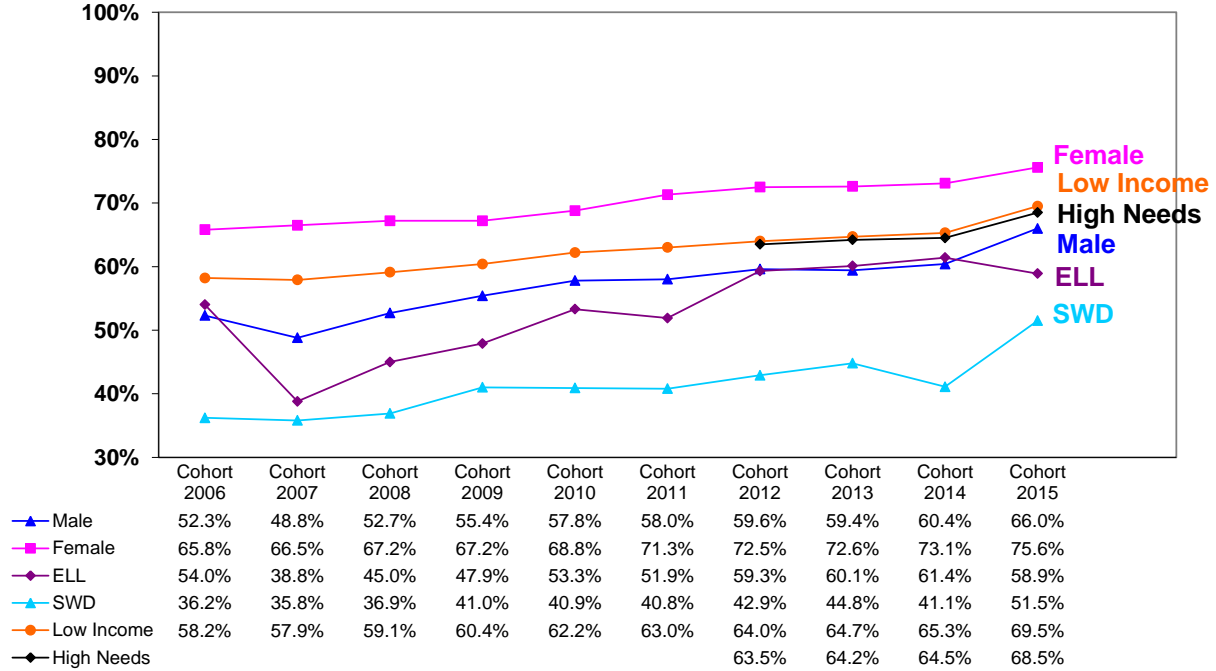

- Compared to the previous cohort, the 4-year graduation rate for students in three of the four major racial/ethnic groups increased. The increase for Hispanic students was 4.5 percentage points, Black students saw a 3.8-point gain and White students experienced a 3.5-point gain in their graduation rate. The 4-year graduation rate for Asian students dropped 1.5 percentage points to 86.1%.
- While four-year graduation rates have improved for all racial/ethnic groups over the past ten cohorts, steady and accelerated improvement can especially be seen since 2006 for Black and Hispanic students, with a 13.9-point gain for Black students and a 13.7-point gain for Hispanic students.

Detailed statistics by student status for all racial groups in cohorts 2006 through 2015 can be found in Appendix A.

* The 4-year graduation cohort consists of students who were 1st time 9th graders four years prior to the year of graduation; it also includes students who transferred into BPS and excludes students who transferred out of BPS and deaths during the four-year period. The status (e.g., graduated, still enrolled) is updated as of October 1 of the following school year. For example, the population for the Cohort 2015 includes students who were enrolled in BPS in grade 9 in the fall of 2011 plus transfers into BPS minus transfers out of BPS or deaths occurring through the end of SY 2014-15. The status (e.g., graduated, still enrolled) is updated as of October 1, 2015.

Boston Public Schools

4-Year Graduation Rate By Other Student Group

- Compared to the 2014 cohort, all student groups except English language learners (ELLs) in the 2015 cohort saw noticeable increases in their 4-year graduation rates. Specifically, the rate was up 10.4 points for Students with Disabilities (SWD); 5.6-point for male students; 4.2 percentage points for low-income students; 4.0 points for high needs students and 2.5 points for female students; ELLs experienced 2.5 points decrease in their graduation rate.
- Compared to the 2006 cohort, students in all groups have seen increases in their graduation rates (5 points or more). Students with Disabilities (SWD) group experienced the most notable gains (15.3 points).

Detailed statistics by student status for all student subgroups in cohorts 2006 through 2015 are presented in Appendix A.

* The 4-year graduation cohort consists of students who were 1st time 9th graders four years prior to the year of graduation; it also includes students who transferred into BPS and excludes students who transferred out of BPS and deaths during the four-year period. The status (e.g., graduated, still enrolled) is updated as of October 1 of the following school year. The State 4-Y Cohort Graduation Rate Target for 2016 is 85% applied to the 2015 Cohort.

* Horace Mann Charter Schools

** Examination Schools

*** Special Education Schools

- Graduation rates are not reported for cohort counts fewer than 6.

Percentages may not total 100 due to rounding.

- In order to meet the 2016 federally approved graduation rate target, schools must either (1) achieve an 85% 4-year graduation rate for the 2015 cohort, or (2) achieve a 90% 5-year graduation rate for the 2014 cohort. Based on the 4-year rate, nine schools have met the 85% target.

4-Year graduation rates by school for students in cohorts 2006 through 2015 can be found in the Appendix B.

Cohort 2015 Population: Students who were enrolled in BPS in grade 9 in the fall of 2011 plus transfers into BPS minus transfers out of BPS or deaths. The cohort count is as of the end of SY2014-15. The status (e.g., graduate, enrolled) is updated as of October 1, 2015

	2006	20	65.0	25.0	0.0	5.0	5.0	0.0

- Note:
1. Percentages may not total to 100% due to rounding. Graduation rates are not reported for cohort counts fewer than 6.
 2. In the reporting of aggregate results, students are included in the first column (from left to right) for which they qualify. For example, students who dropped out or were expelled, but earned a GED, are included in the GED category. Students are only reported in one category.
 3. The cohort count is as of the end of SY2014-15. The status (e.g., graduate, enrolled) is updated as of October 1, 2015.
 4. Non-Grad Completer includes (1) students who earned a certificate of attainment, (2) students who met local graduation requirements but the district does not offer certificates of attainment, and (3) students with special needs who reached the maximum age (22) but did not graduate.
 5. The English language learner, students with disabilities, and low income subgroups include all students that were reported in those categories at least once in high school. Students can be counted in more than one group.
 6. High Needs subgroup includes students categorized as any of the following as of October 1, 2014: 1) Low Income, 2) Limited English Proficient, 3) Students with Disabilities, as well as students categorized as Limited English Proficient during the prior two school years (2012-13 and/or 2013-14).

Appendix B

4-Year Graduation Rates by School Cohort 2006 to Cohort 2015
